

# Lymm High School

## Values and Ethos

**We are a high-performing comprehensive school with a proud tradition of service to our community for over 400 years.**

As set out in our School Charter, Lymm High School exists to enable every single student to:

- Be successful and achieve their full potential
- Enjoy learning and become independent lifelong learners
- Become socially responsible citizens and members of the community
- Become confident and capable individuals

We aim to achieve this by emphasising three simple priorities:

- An uncompromising focus on high academic standards and excellent teaching and learning
- Encouraging participation in a wide-ranging programme of extra-curricular activities and opportunities to develop leadership skills
- Promoting the importance of being decent, socially responsible members of the community
