Key:

The **End of Year Target** is a target grade based on previous attainment and expected progress. It ought to be challenging but realistic; however, there is nothing to stop students aiming even higher.

The **Emerging Grade** is the grade your son/daughter is most likely to achieve by the end of the year based on their current performance and the criteria set for that grade. See overleaf for how this is likely to relate to GCSE grades.

Attitude to Learning gives an indication of attitudes since the last PR point. It provides a broad overview, whereas the lesson-by-lesson behaviour for learning grades give a more detailed picture.

See overleaf for further details.

Concerns: The columns on the right hand side relate to any specific concerns that a teacher may have. There will be an 'X' in the column relating to any of those concerns. No 'X's will mean no specific concerns in these areas.
