

This document sets out the terms of reference and remits of the Committees of the governing body of Lymm High School. It should be read in conjunction with the Memorandum and Articles of Association of Lymm High School Academy Trust, which take precedence over this document in any issues concerning meaning or interpretation.

GENERAL

1. Membership and Chairing

Unless otherwise specified each committee will consist of at least five governors.

The Chair of Governors, Vice Chair of Governors and Headteacher will be ex officio members of all committees except the Remuneration, Pupil Discipline, Staff Dismissal, and Appeals committees. The Chairs of the Staff and Student Wellbeing Committee, Curriculum and Standards Committee and Buildings and Facilities Committee will all be ex officio members of the Finance and Audit Committee.

All committees are required by the regulations to have a clerk appointed by the governing body.

The membership and chair and vice chair of the full governing body and chair of each committee will be determined at the first meeting of the governing body in the autumn term. Vice chairs of committees will be determined at the first meeting of each committee in the autumn term. Casual vacancies will be filled at the first available governing body meeting. The terms of reference of each committee will be reviewed at least annually, at the first meeting of the governing body in the autumn term.

Governor members of committees may be assigned lead or link roles for specific areas or activities within the remit of a committee as listed below.

In the absence of the chair at a meeting the committee will be chaired by the nominated vice chair, or in their absence by another governor.

Committees may invite non-governors to attend but in a non-voting capacity.

2. Process for appointing chairs

The Chair of Governors, Vice Chair of Governors and Chairs of committees will be re-elected on an annual basis. The Clerk will send letters inviting self nominations to all eligible governors prior to the final meeting of the summer term. The names of nominees will appear on the FGBM agenda in advance of the meeting. In the event of there being more than one nomination, then nominees will be asked to leave the room whilst governors vote.

Should incumbents not wish to stand again for election it would be good practice to notify the governing body prior to these letters going out to enable proper consideration of the office prior to the FGBM.

3. Voting and Quorums

Only governors can vote at committee meetings.

The quorum for each committee will be three governors.

4 Agenda, Papers, Minutes and Meetings

The agenda and papers for committee meetings will be circulated to members at least 7 days in advance of each meeting. The agenda and papers will be made available via the governors portal for all governors to see.

Minutes of meetings will record those present, the date and any decisions, action points or recommendations. Any recommendations must be written in such a way as to offer the governing body a clear proposal or alternatives to debate and decide upon.

Draft minutes will first be approved by the chair of the committee and the Headteacher, and will then be circulated within 7 days of the meeting to all governors and made available on the governors' portal. They will also be included for information with the agenda of the next governing body meeting.

The draft minutes of meetings will be approved (subject to corrections) at the next meeting of that committee.

The schedule of committee meetings will be determined at the start of each school year and agreed at the first governing body meeting in the autumn term. Each committee shall meet at least once each term and otherwise as required, unless otherwise specified.

5. Functions and scheme of delegation, and chair's action

Each committee has delegated powers to consider matters, make decisions and give approvals as set out in its terms of reference or as specifically requested by the governing body. Committees will take advice as appropriate, and only act within the powers as delegated to the committee by the full governing body within its terms of reference.

The School Improvement Plan will indicate which areas or items within the SIP are allocated by the full governing body to each committee, and that committee will then have delegated powers to monitor progress and hold the Headteacher and SLT to account for those areas or items.

Each committee will consider at each meeting whether there are matters that have been discussed which should be referred for consideration to the full governing body at its next meeting. It is for each committee to exercise judgement on such referrals, but in general the following matters would merit referral:

- a) Matters which have a significant in-year financial impact on the school's approved budget and have not been previously reported to or if necessary approved by the full governing body
- b) Matters which would represent a significant change to the school's overall mission, strategy or plans.
- c) Matters which might contravene existing school policies or financial controls and procedures, or national policies/regulations set by the Department for Education and other agencies.
- d) Matters which are likely to arouse significant parental, public or media interest.

The Chair of each committee (and the chair of the full governing body) may act on behalf of the committee in between meetings, including making decisions or approvals on behalf of the committee, where it is necessary in the interests of the school to do so. Any such chairs' actions must be communicated at the time to all members of that committee, and will be put on the agenda of the next available meeting for committee approval.

6. Procedures and Training

The normal procedures and regulations of the governing body also apply to its committees. Members of the committee should take steps to maintain and develop their knowledge and skills, for example by attending appropriate training.

REMIT OF FINANCE AND AUDIT COMMITTEE

The overall purpose of the Finance and Audit Committee is to ensure the school acts as a careful and diligent steward of the public funding and other resources entrusted to it, seeking improvements in value for money and using resources wisely to the benefit of students. It exists to hold the school and its leadership to account through strong financial controls and independent financial audit to ensure the financial strength and security of the school. It oversees all school finances, including the annual recurring Education Funding Agency funding and any capital or other grants, the finances of school trading entities (including the Lymm Leisure Centre, catering, school shop and Tyn y Felin), and the school fund.

Its main functions are:

1.
