

# LYMM HIGH SCHOOL

1<sup>st</sup> December 2017

Dear Parents and Carers

After the huge success of last years dinner, please find enclosed details of our Lymm High School Sportsmans Dinner, to be held in February 2018.

This was an extremely successful event last year and it promises to be another fantastic evening. We have managed to secure Jan Molby, ex Liverpool player and Danish former professional footballer and manager with an extremely good reputation as an entertaining and interesting speaker. In addition there will opportunity to bid for various pieces of signed sports memorabilia, more entertainment and plenty of good food and company to be enjoyed.

Of course, this is also a great opportunity to support Lymm High School. The proceeds from the dinner will go towards our 'pitch in' project in providing a new 3G pitch which the school and local community are able to use, as well as developing the quality of provision in all sports across the school, something that means so much to so many students. You will doubtless be aware that the funding situation in schools (as indeed in other sectors) is very tight at the moment and we are determined to be pro-active in the face of these pressures. We are lucky with all of our sporting facilities, but they are expensive to maintain and fundraising initiatives like this will be increasingly important; your support will be much appreciated.

Details of ticket prices and how to buy them are on the attached leaflet, but I would like to draw particular attention to the opportunities for local businesses to get involved by buying a table or two. If you have any contacts in companies who might be interested in taking part, we would be very grateful indeed for your support: please pass any details to Miss McGuffie. Sponsorship packages are also available.

In summary, please do buy some tickets for yourselves, friends, families or businesses so that we can come together as a community for what should be another very special evening.

Yours faithfully

Tina McGuffie  
Business Manager
