

School is closed
but the digital library
is **always open.**

OverDrive

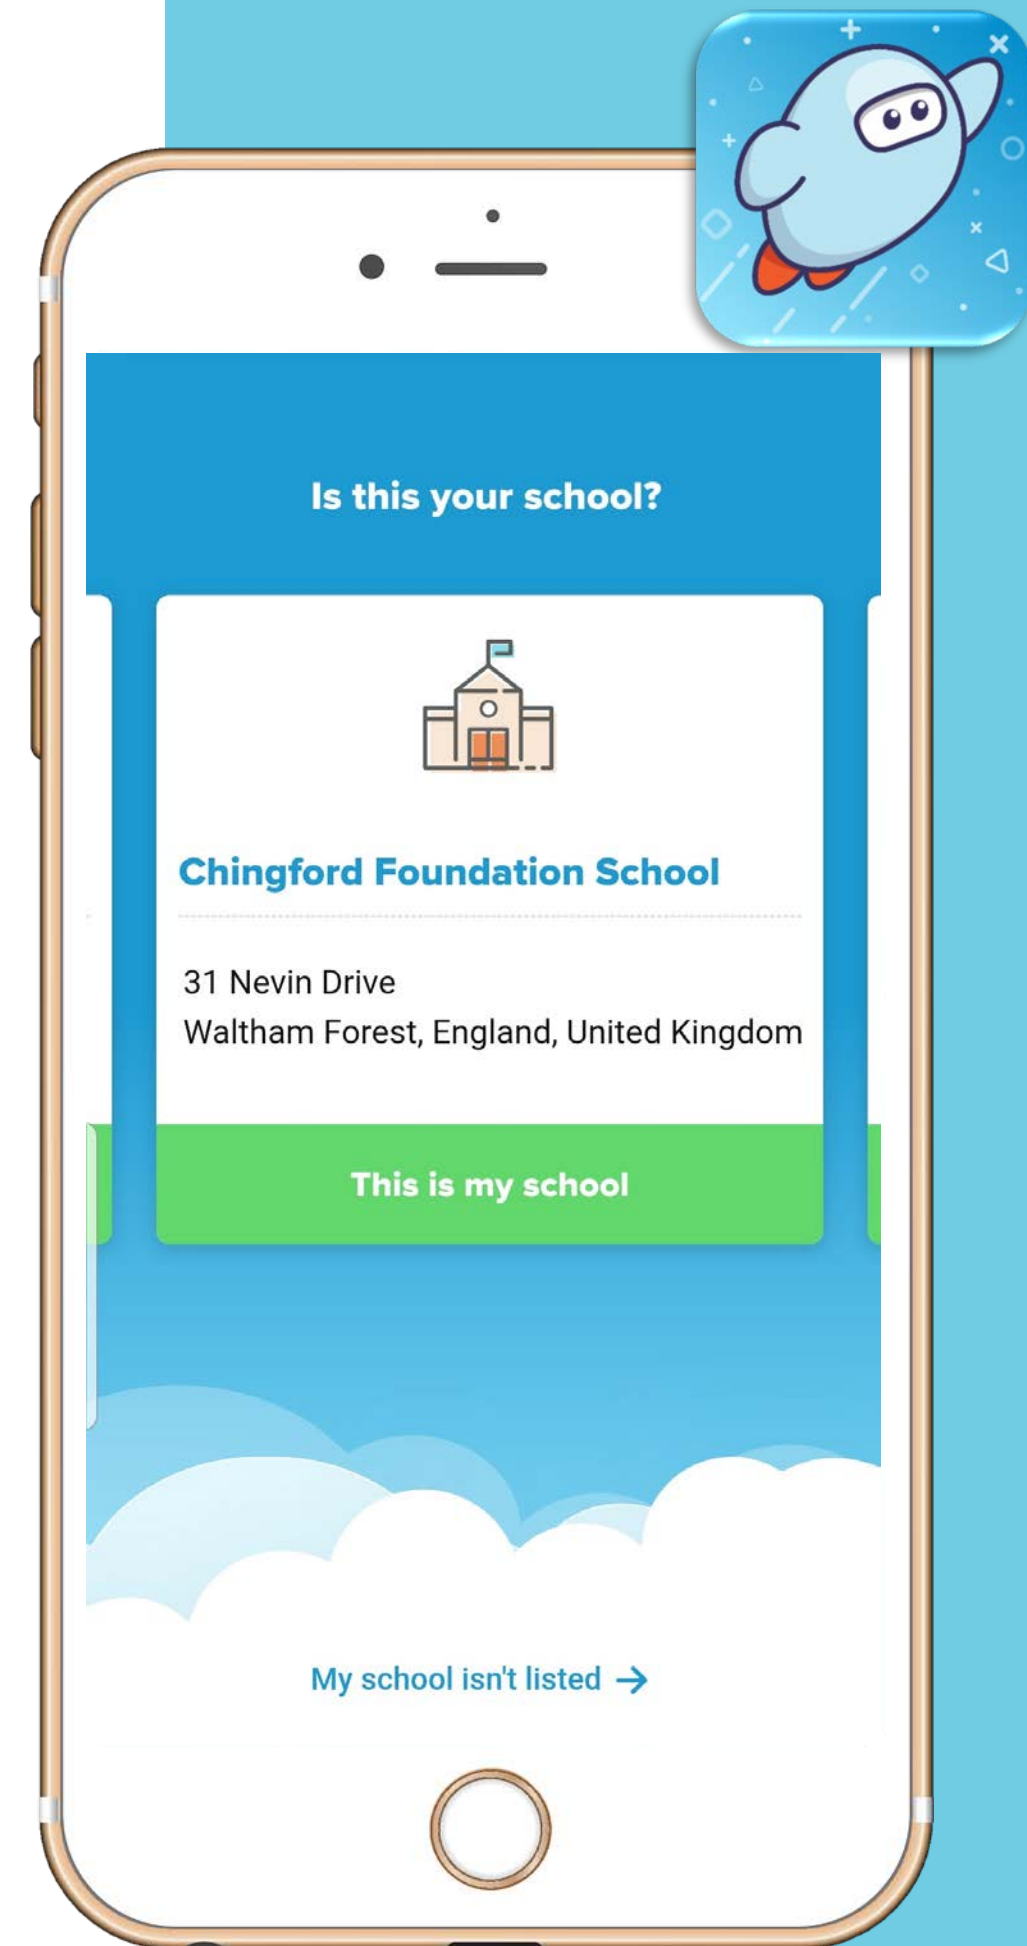

Sora

The student reading app

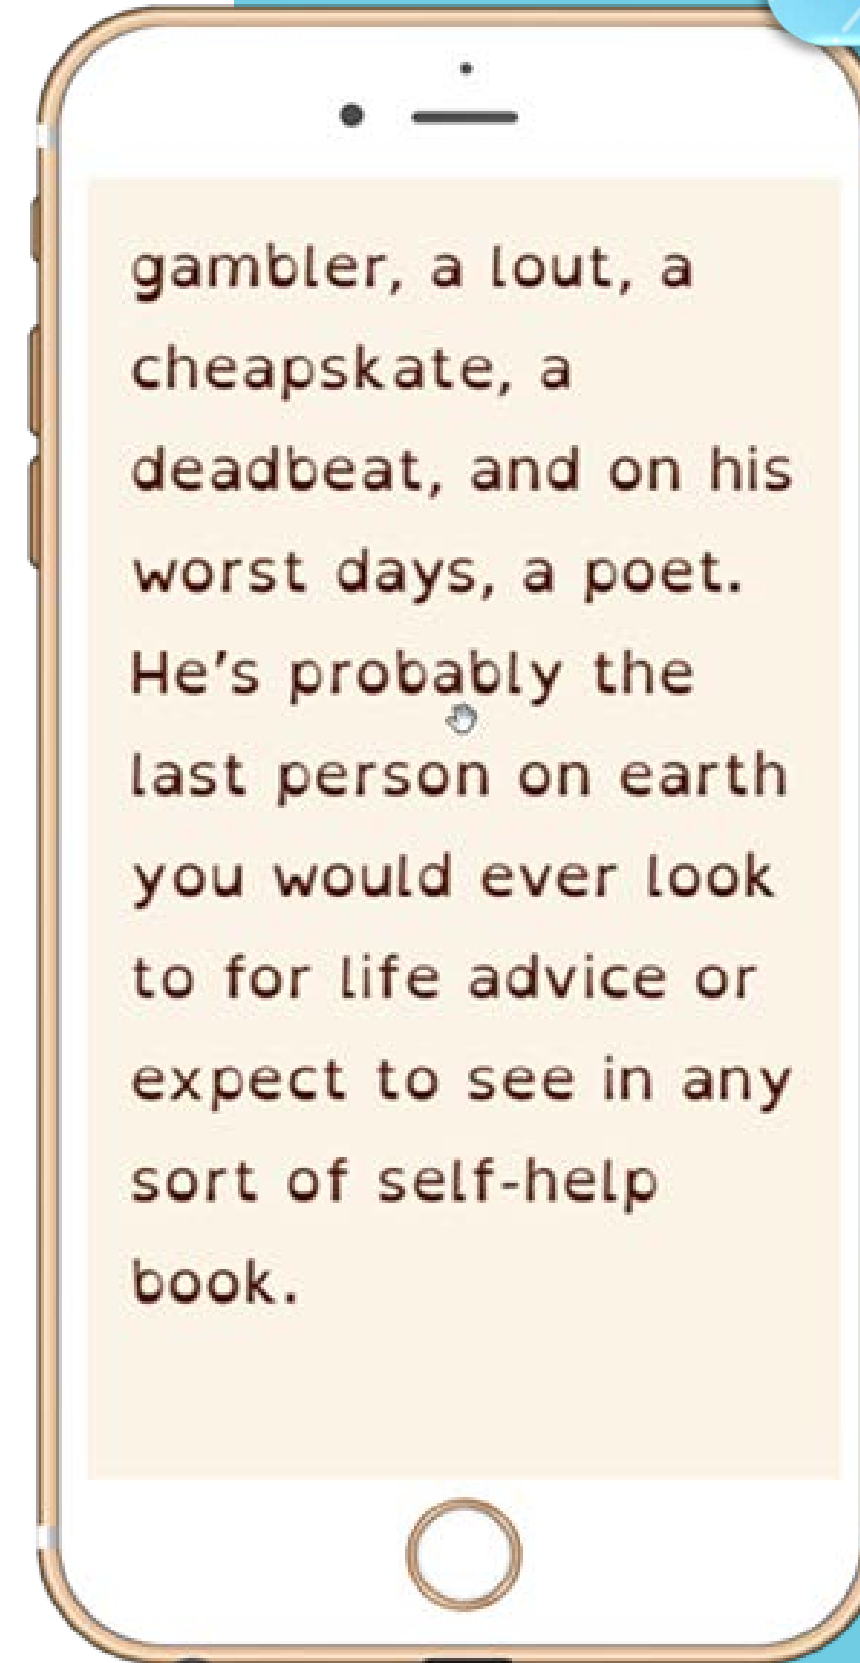

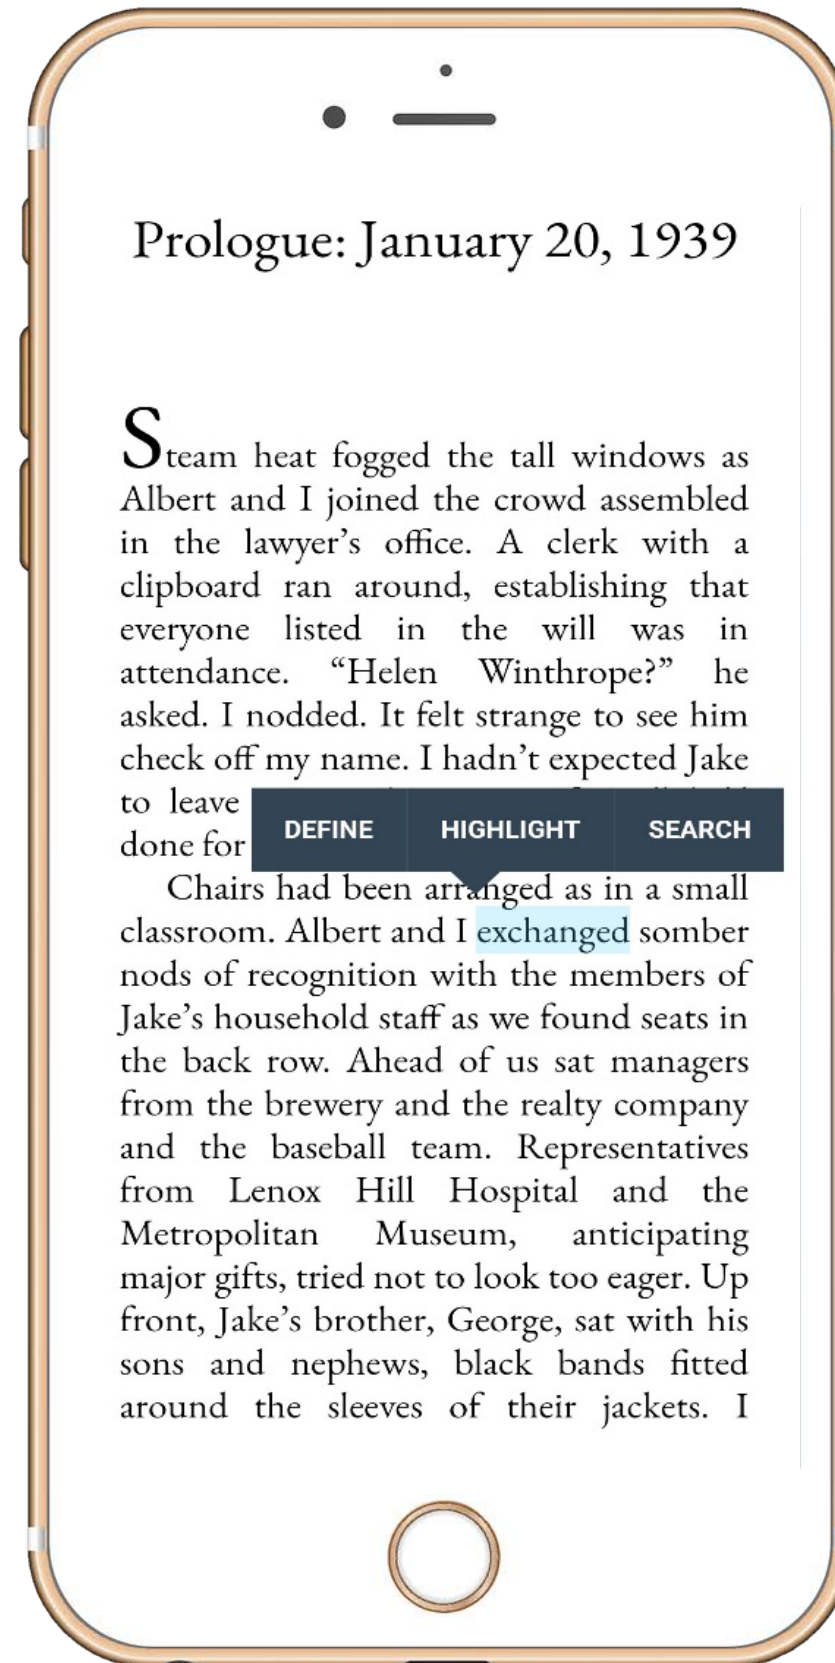

What is Sora?

- **Sora** is a free reading app for schools from OverDrive
- **Specially designed** to encourage private reading for students
- **Easy startup**, Sora will find your school and enable you to log in
- **Simple, one-tap step** to borrow and start reading

A wonderful reading experience

- **Reading settings for everyone**, adjust the font type (including a font for children with dyslexia), font size, and background lighting
- **Reading activity enhancements** with notes, highlights and defined words

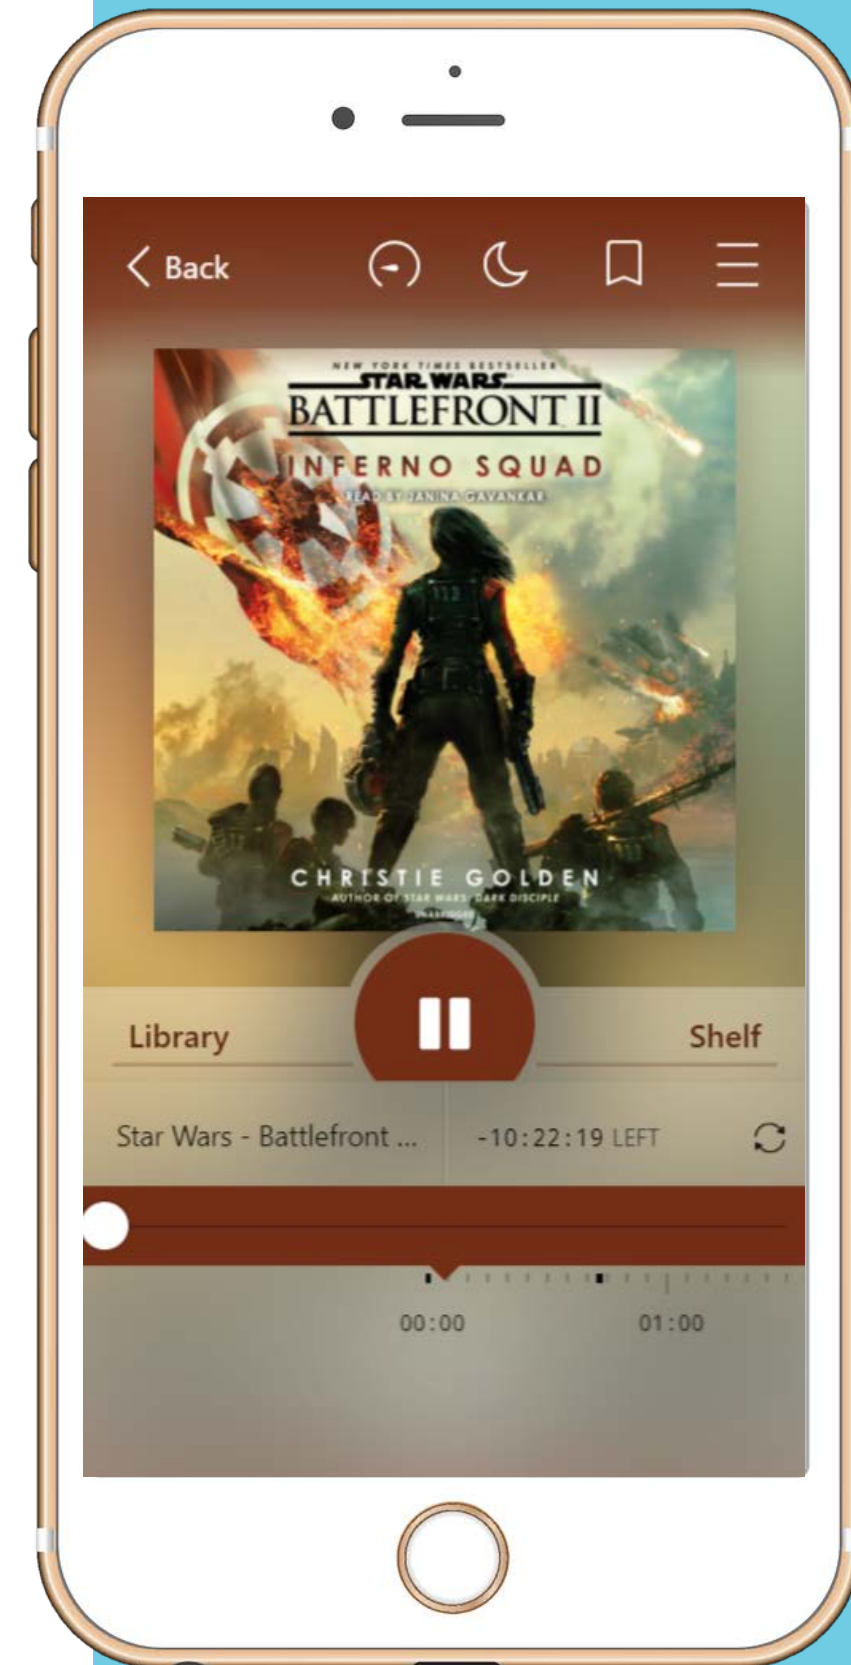

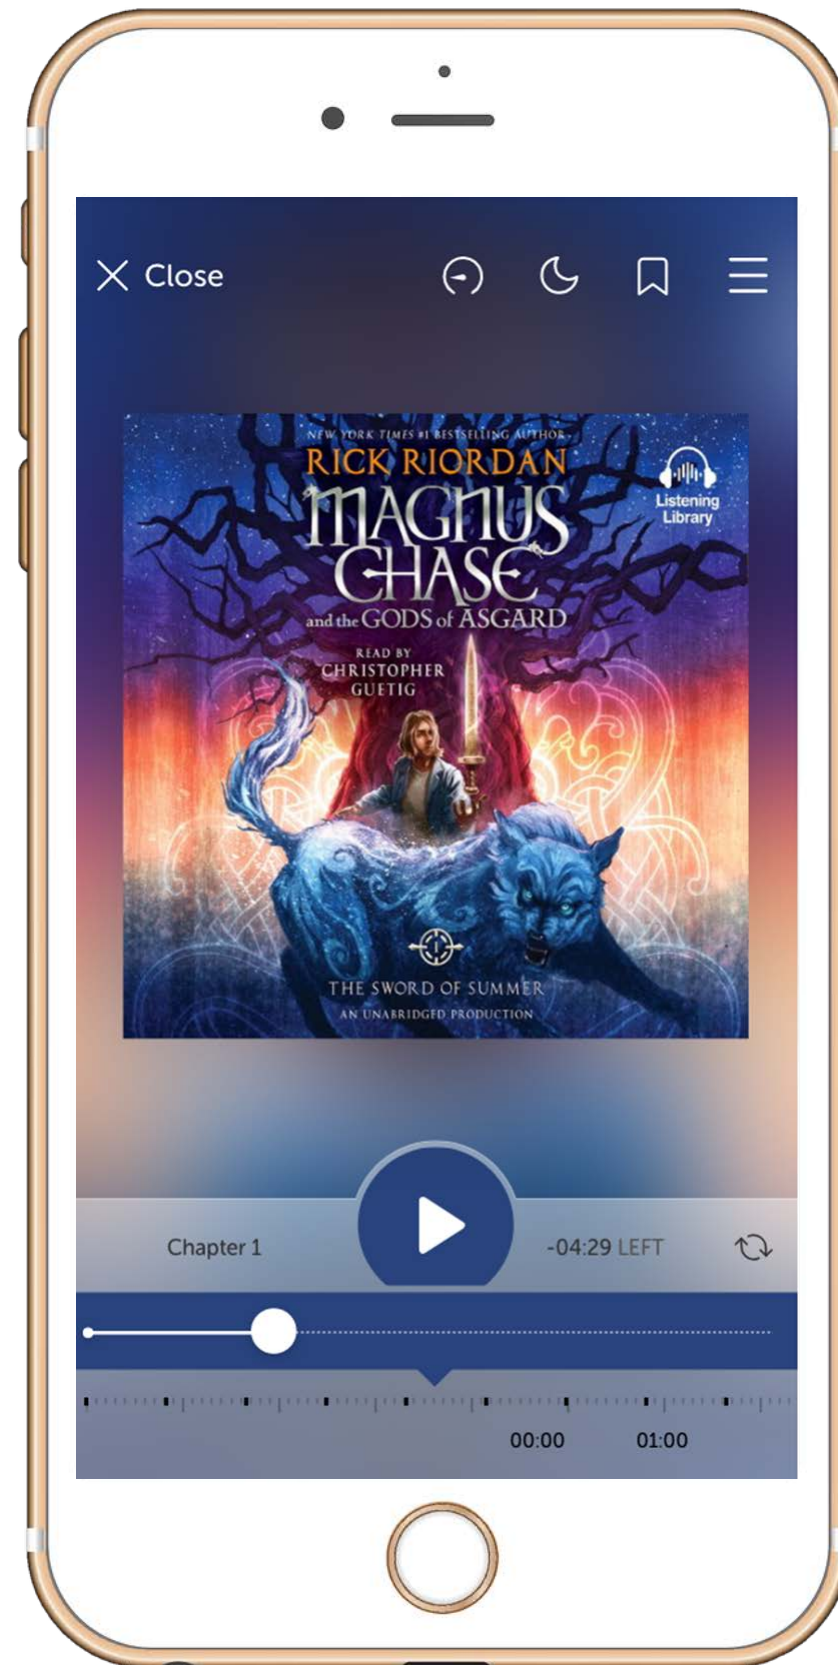

Activities and enhancements for pupils

- **Personalisation** through assignments, and avatars and reading data
- **Learn how to use the app and the digital library service** by completing in-app achievements and tasks
- **Read on or offline** in the Sora app or on soraapp.com
- **Unified experience** across devices and operating systems

A wonderful listening experience

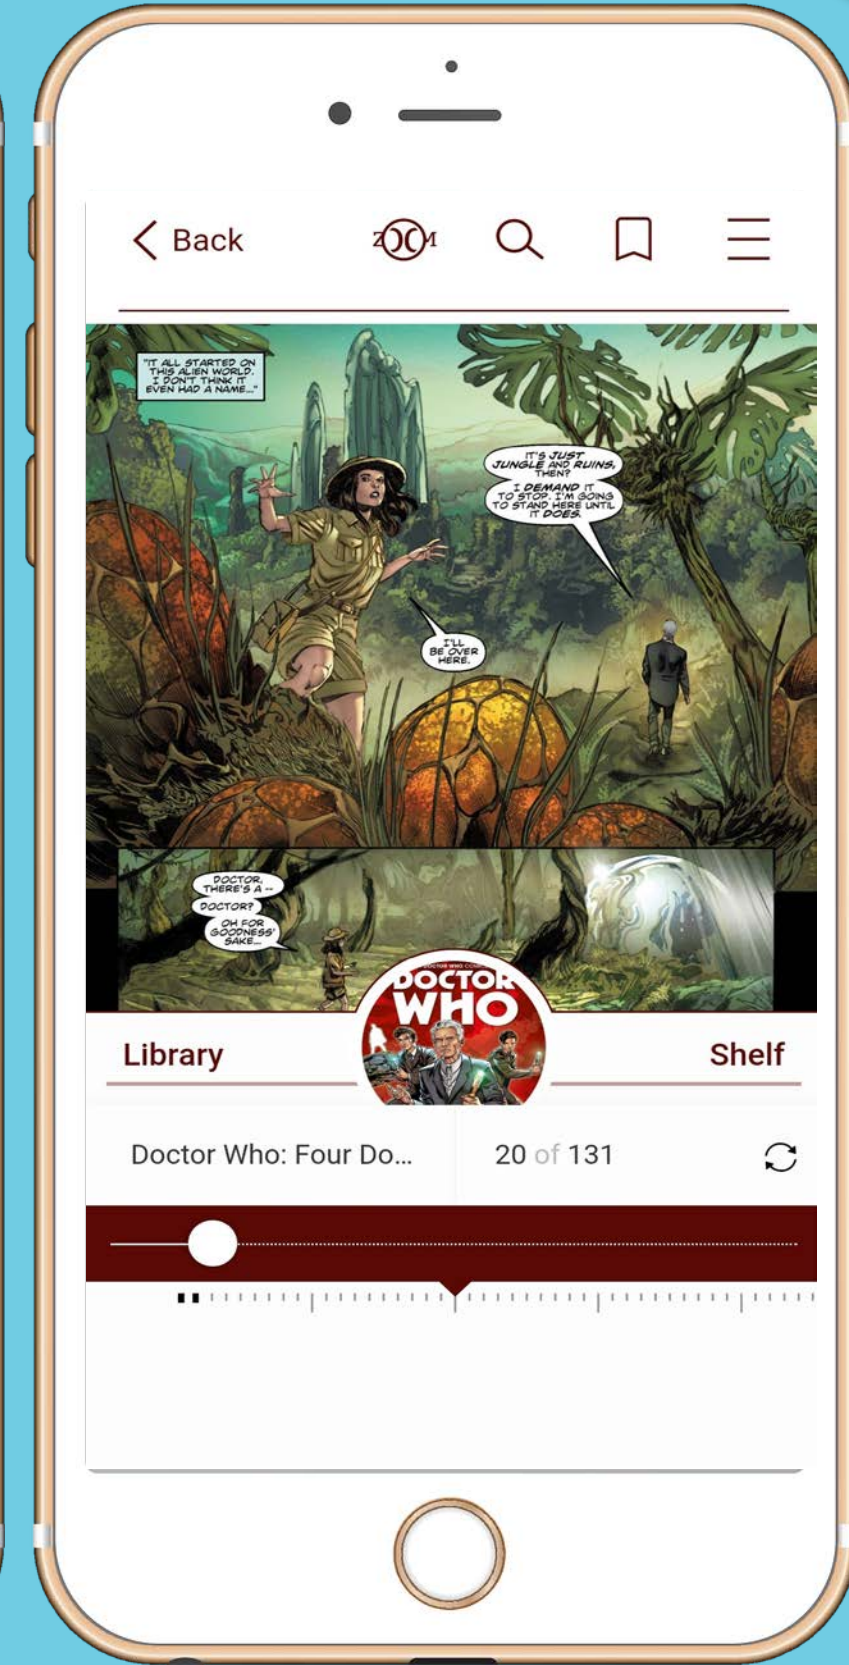

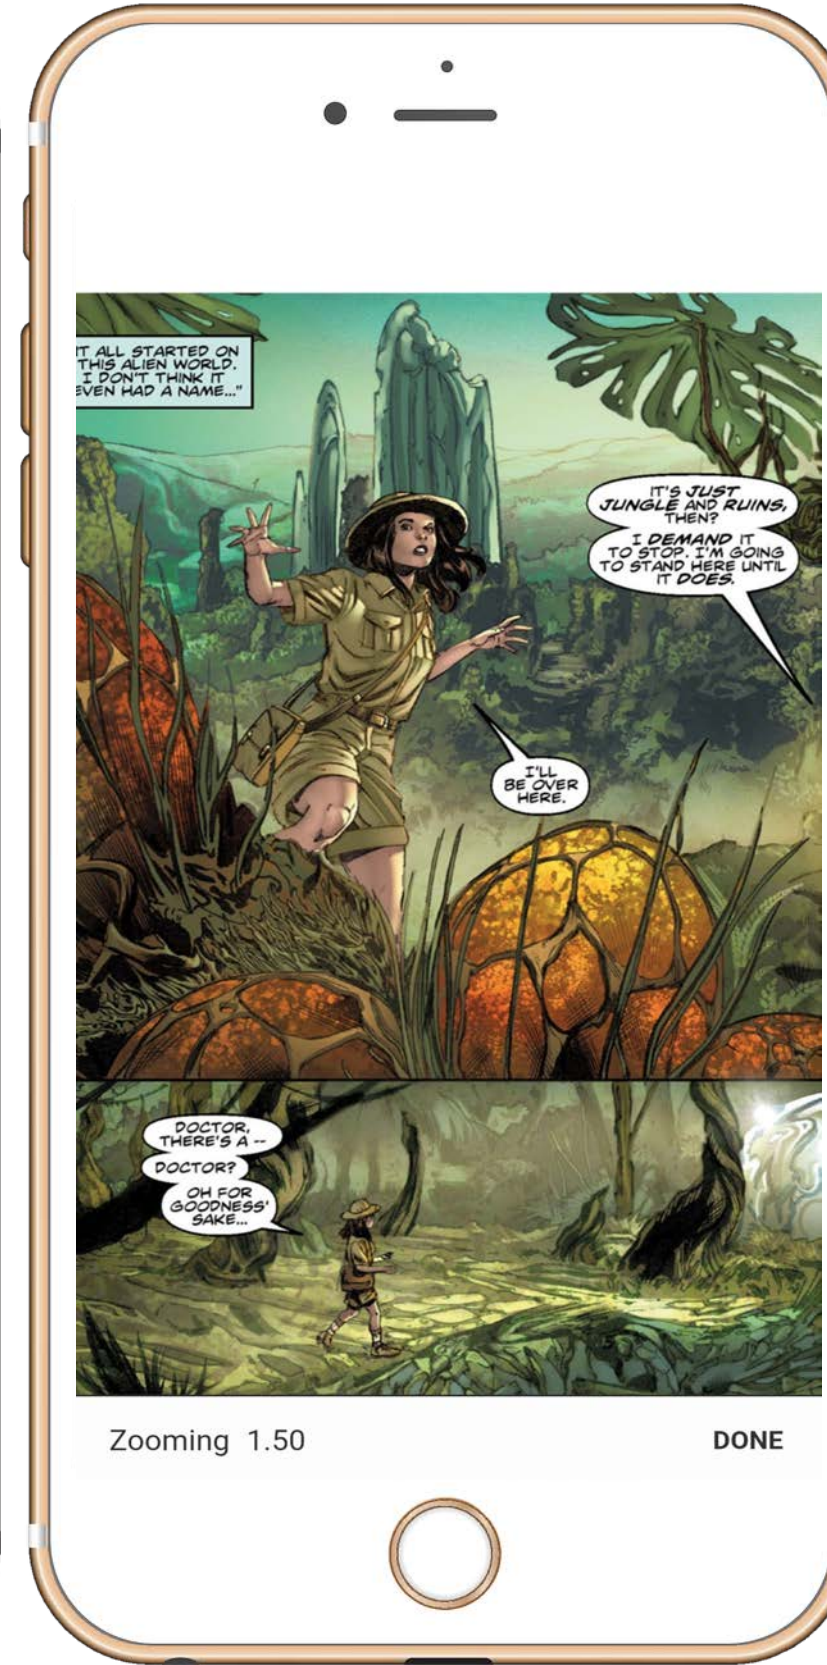

- **Jump around**, swipe on the book to jump backward or forward
- **Set a timer**, in audio books to listen for only a certain amount of time
- **Adjustable playback speed**

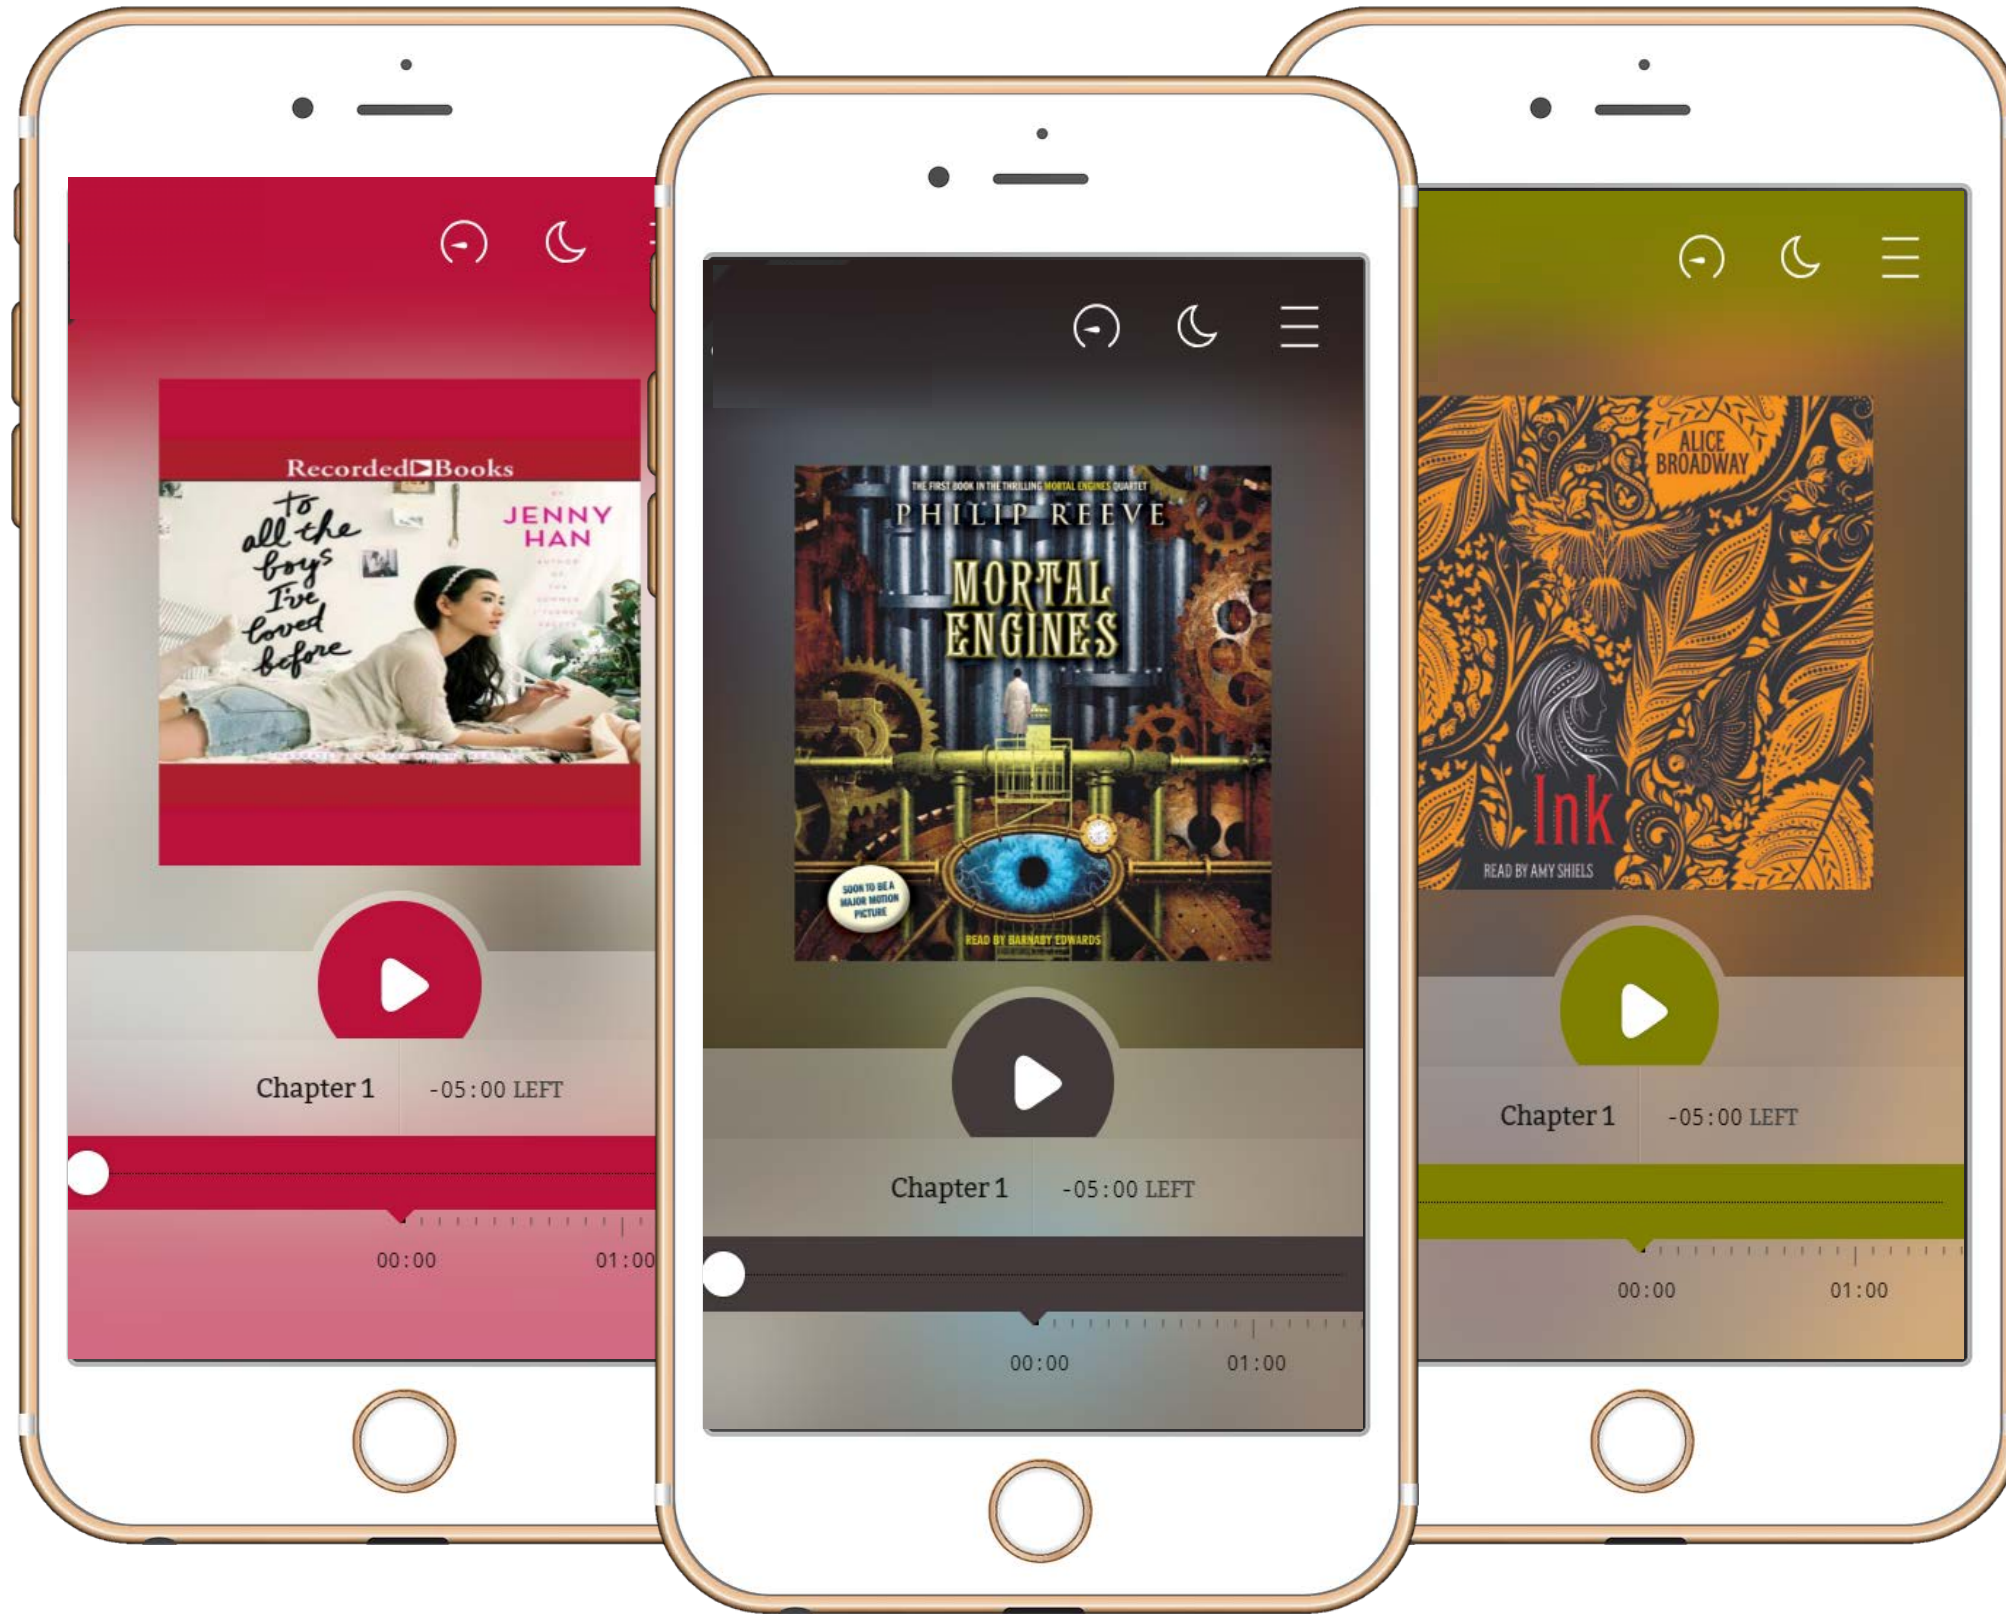

A wonderful reading and listening experience

- Zoom in and enjoy **frame by frame** reading of graphic novels

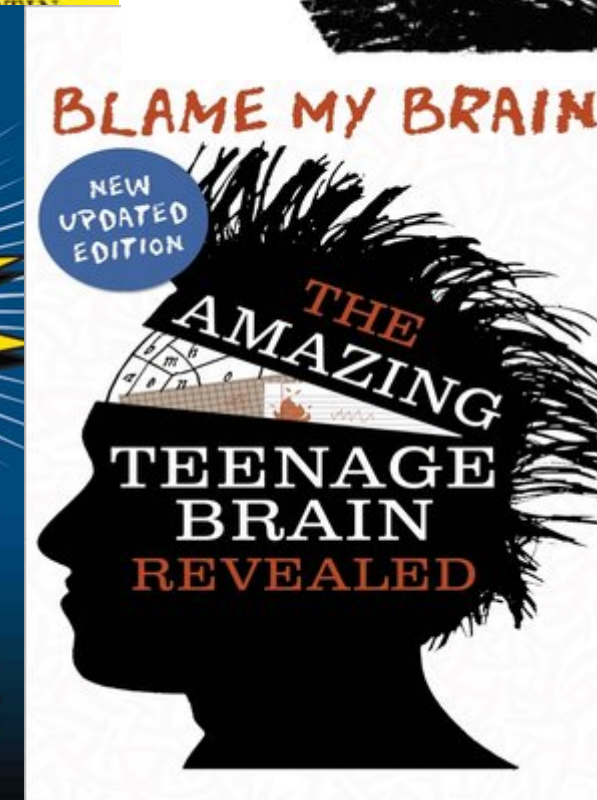

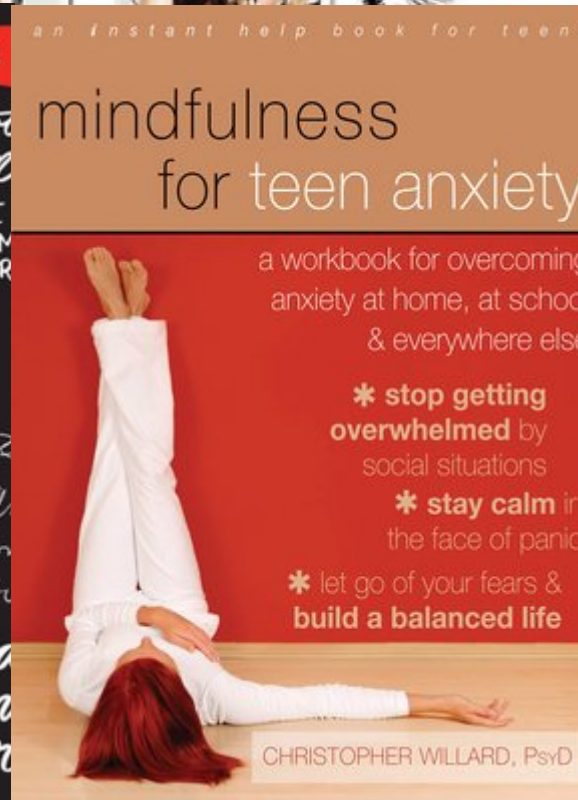

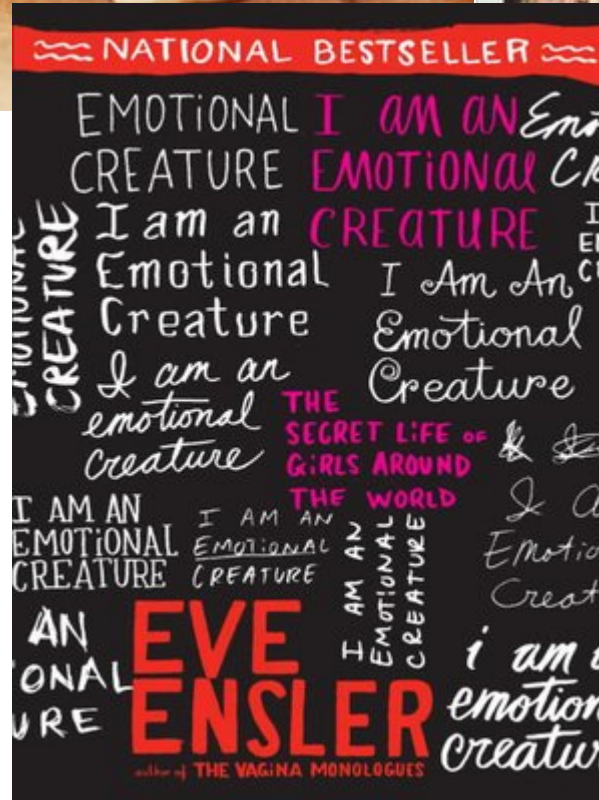

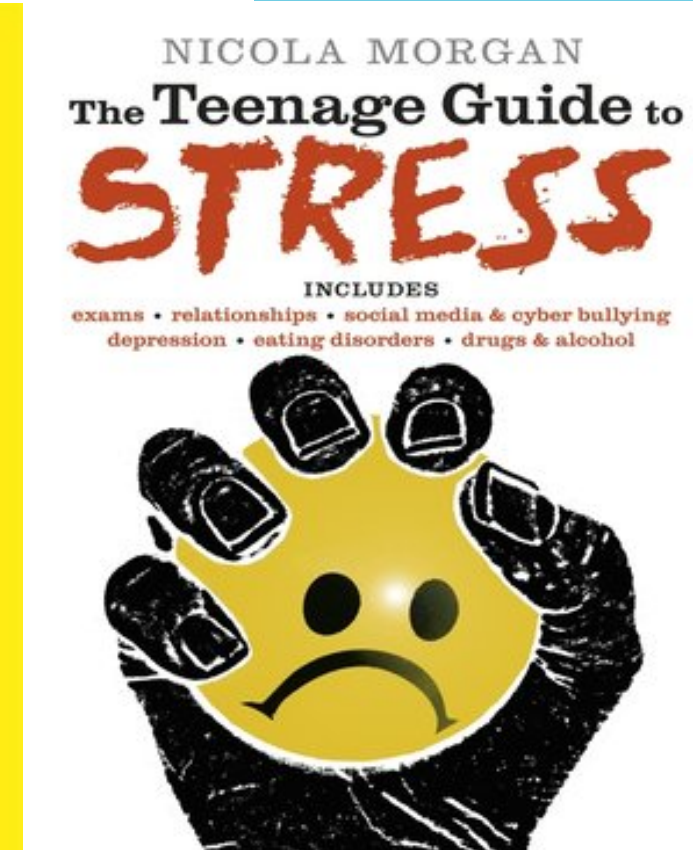

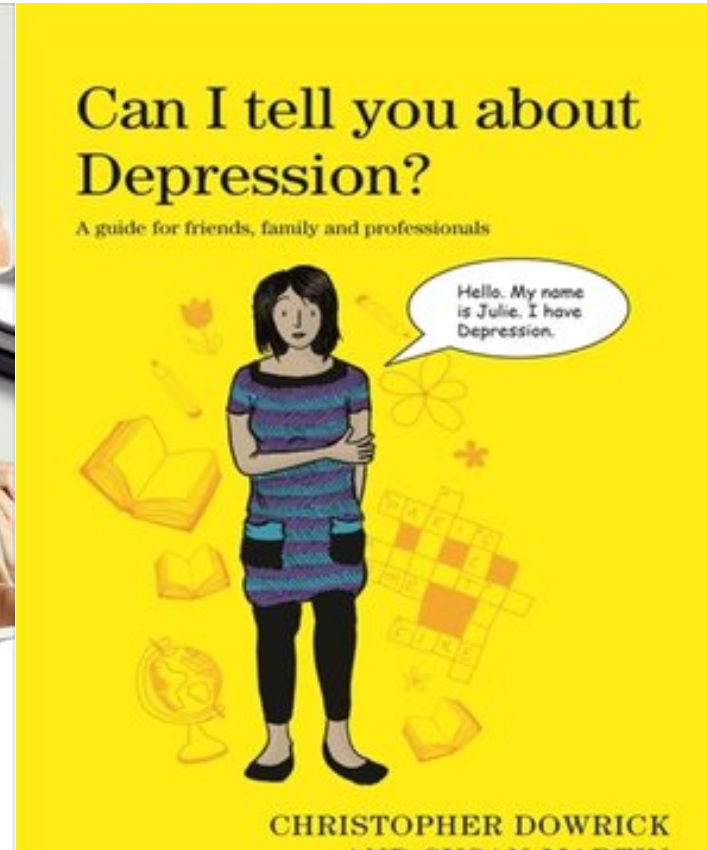

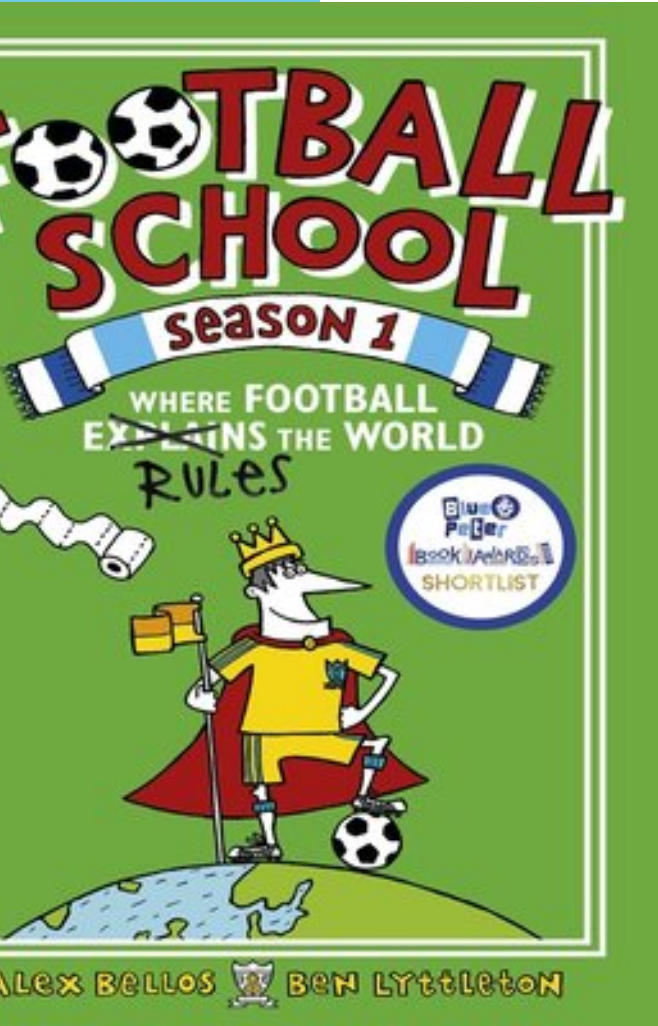

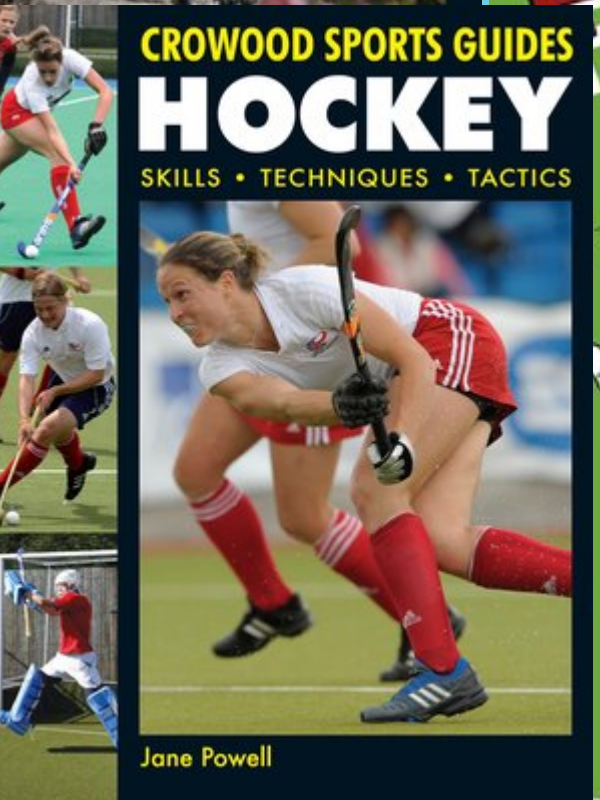

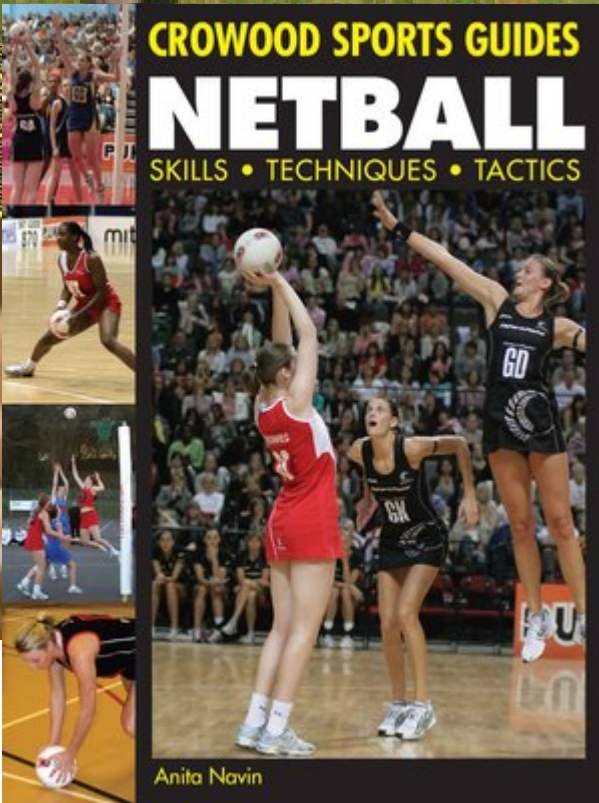

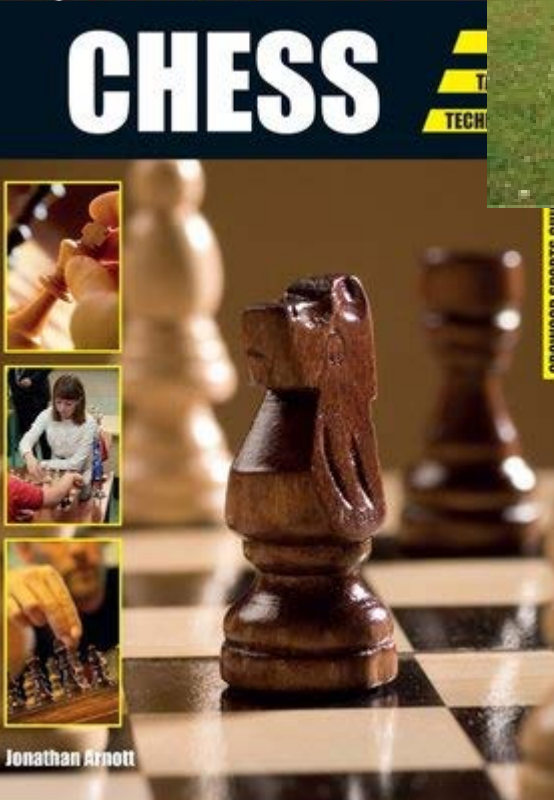

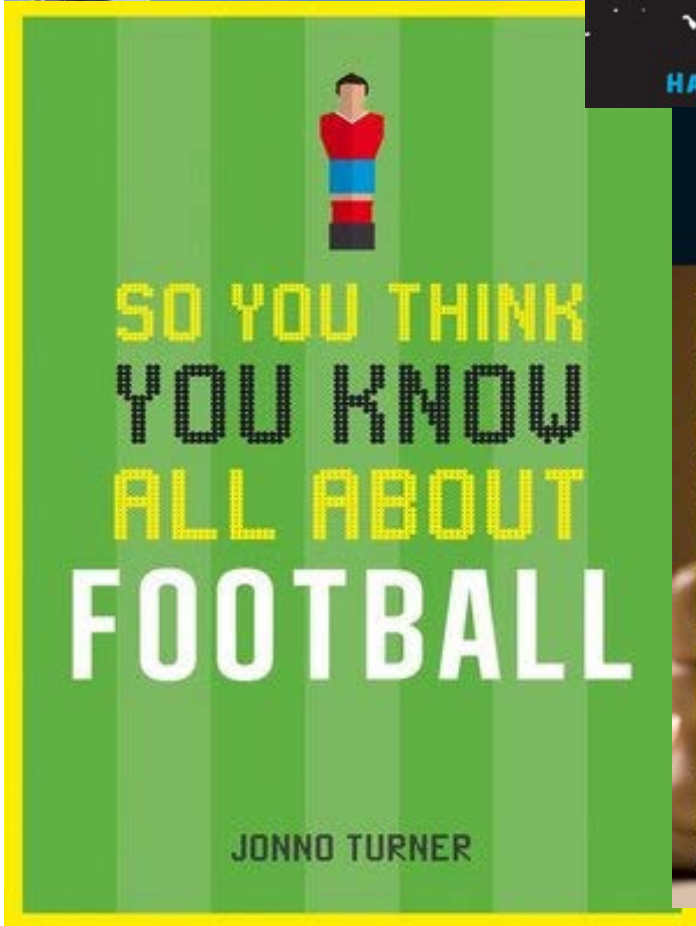

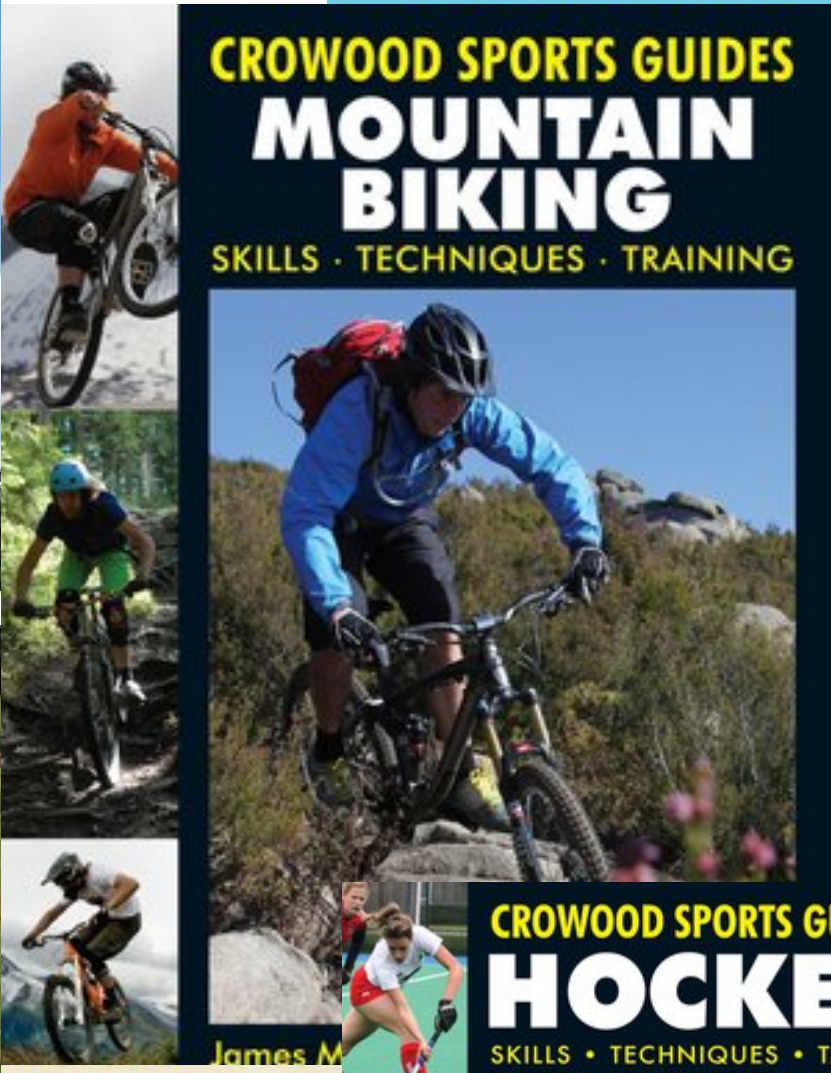

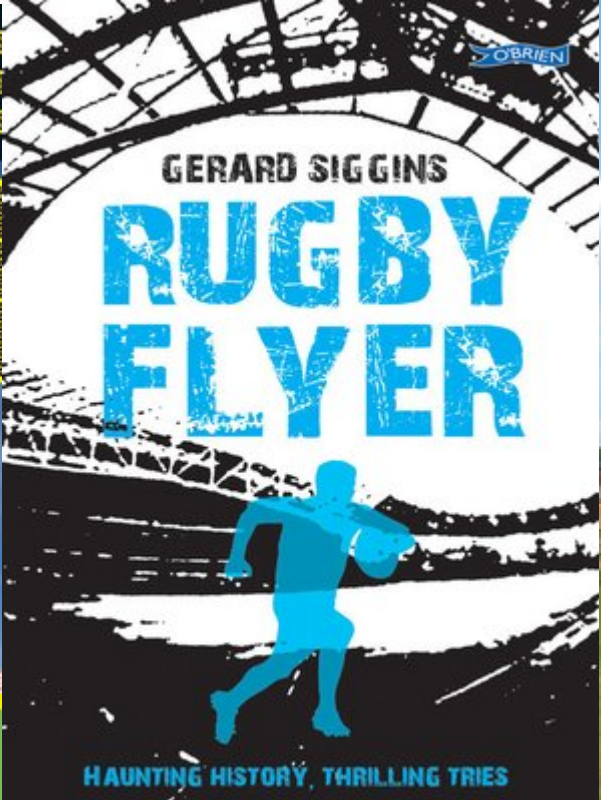

Award winning authors

Well being

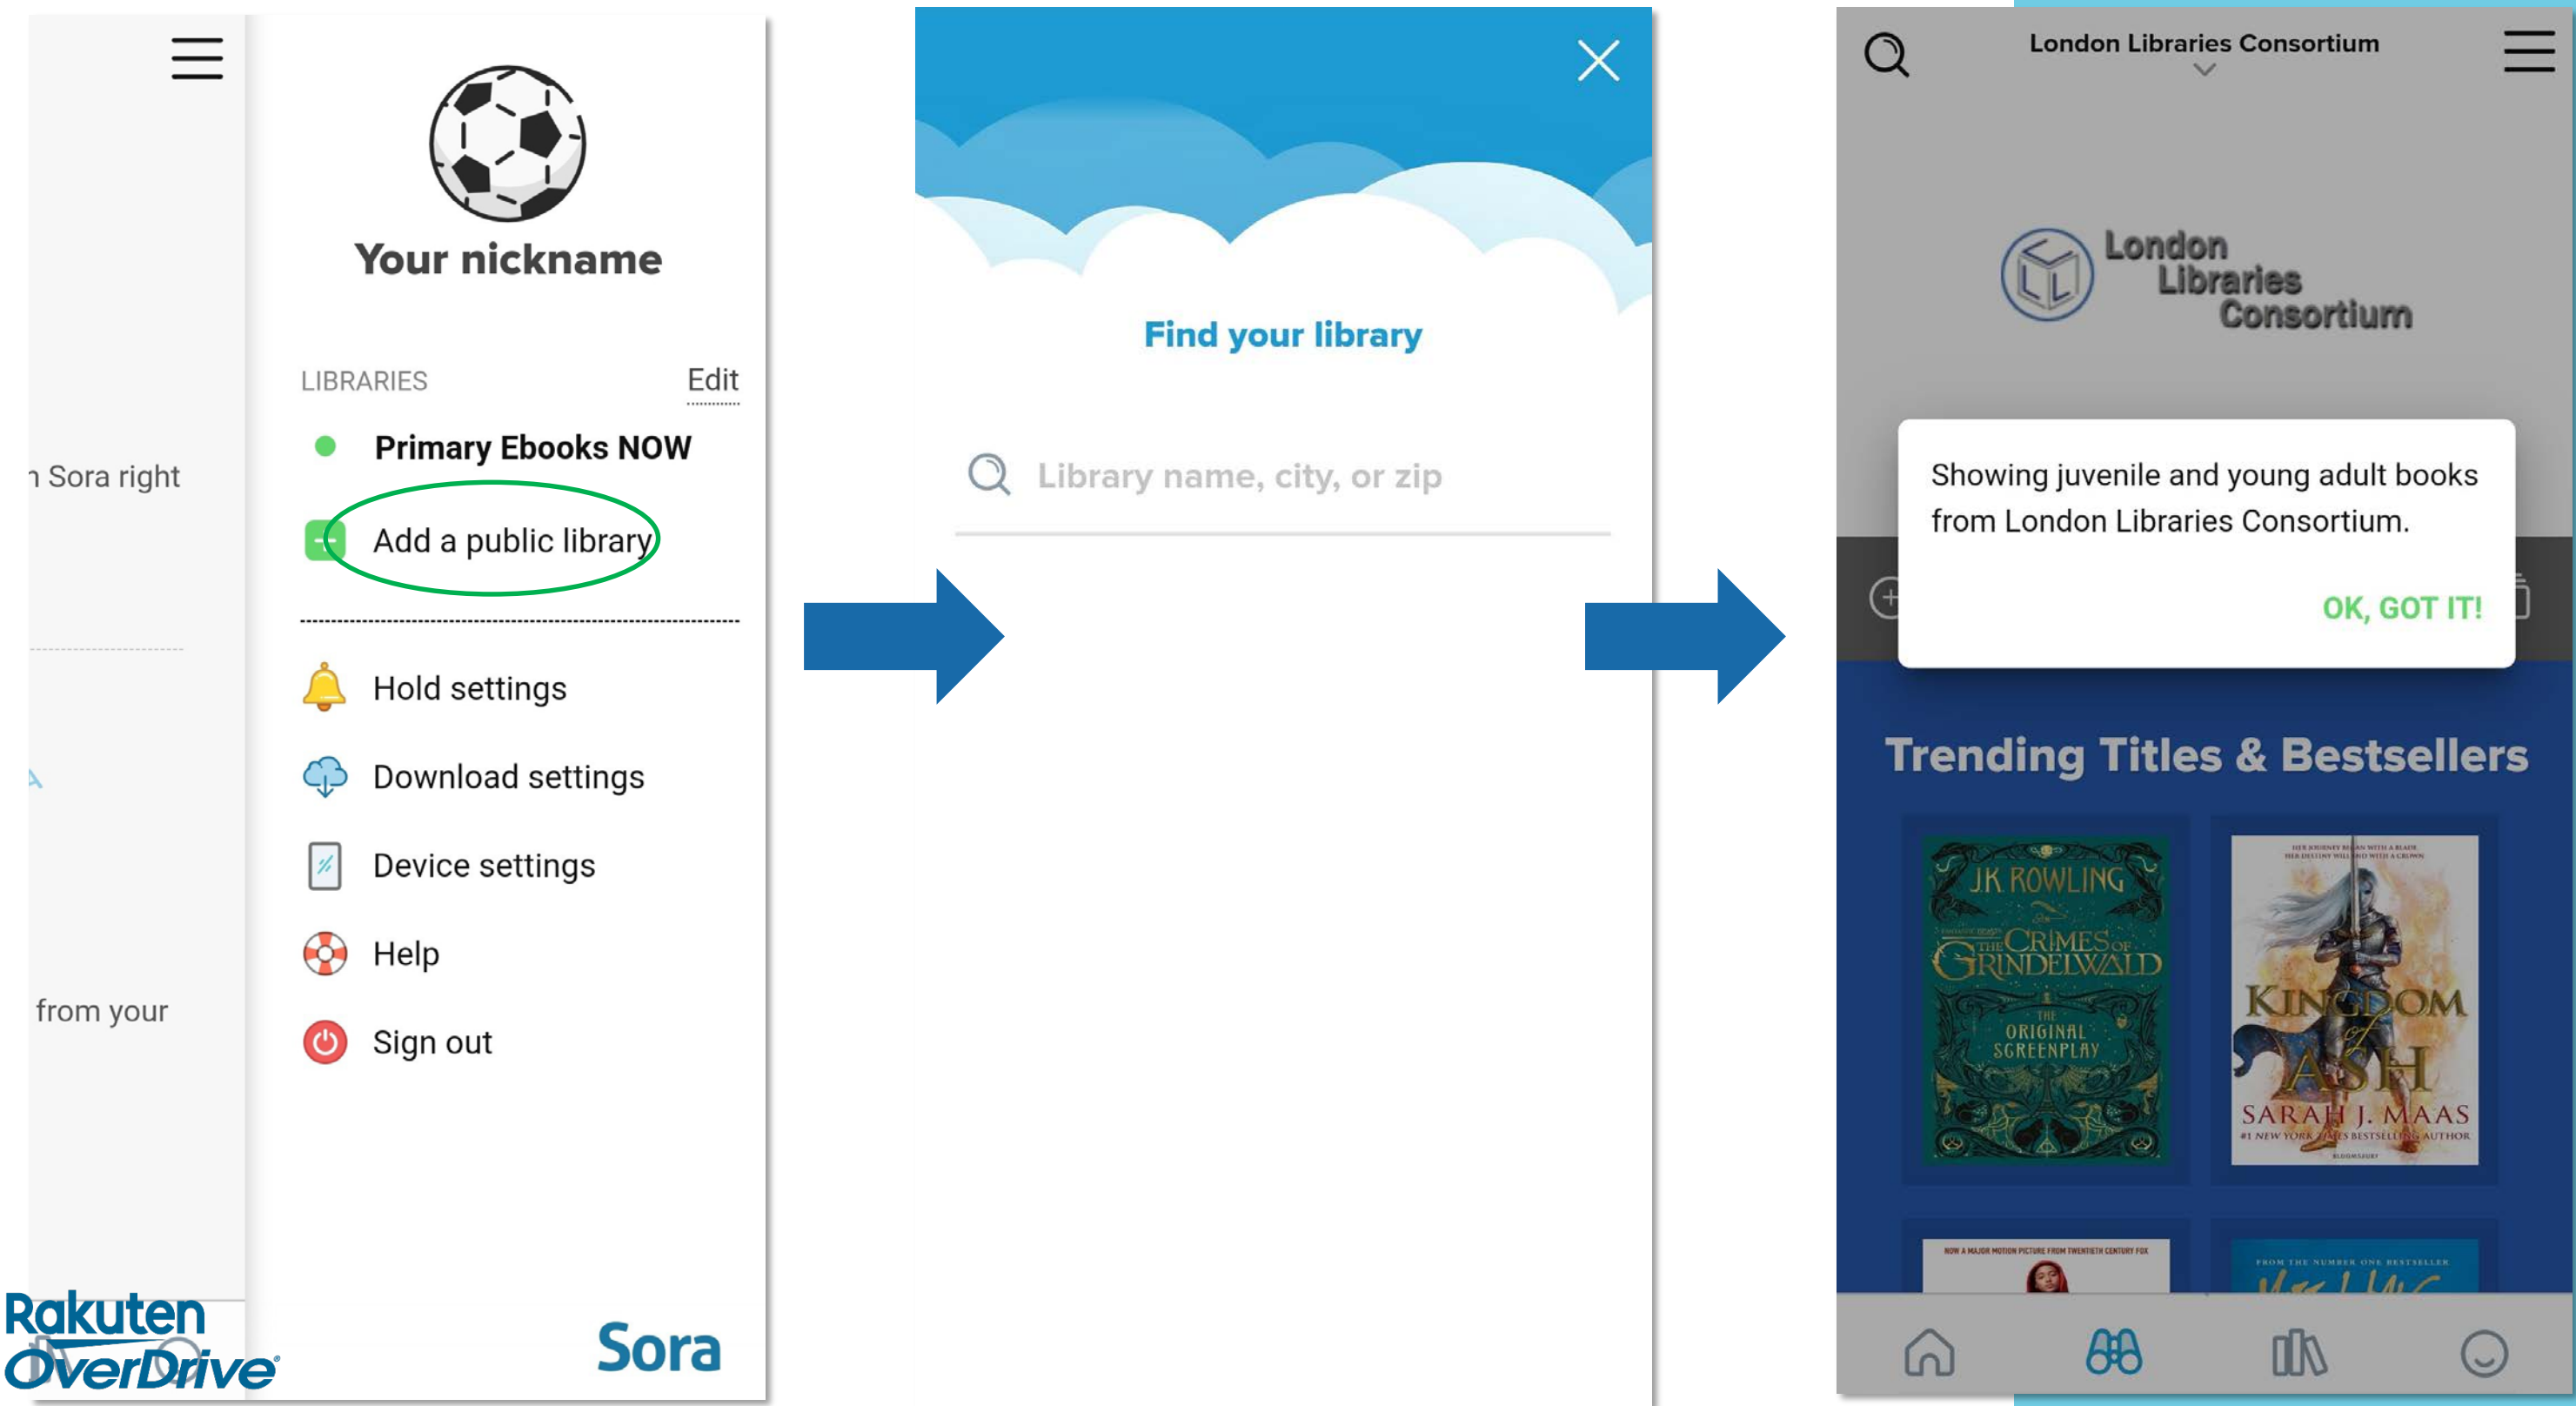

Take up a sport

Connect to your local public library

Sora, prompts students to connect their local OverDrive public library service
