STAFF SUGGESTION

You Are A Champion

By Marcus Rashford

Book Review by Ms Timson

Marcus Rashford has written this book to inspire children and young adults to believe in themselves and reach their full potential.

It has a very personal tone and draws heavily upon Marcus' own experiences growing up and describes how his love of family and football have been the driving forces in his life. His message

is simply to believe in yourself — to set your own goals and to work hard to achieve them even when times get tough...

"Take pride in the journey"

Overall an uplifting book by an inspirational celebrity.

"The most difficult roads will always lead you to the most beautiful destinations."

**UNLOCK YOUR POTENTIAL,
FIND YOUR VOICE AND
BE THE BEST YOU CAN BE.**

IN THEIR WORDS...

What can we learn from the experiences and lives of others? Some celebrities have written books to offer their own words of wisdom; whilst others are written about because their lives are inspirational. Below are some of the new titles in the ILC which might challenge your views ...

New Adult Fiction...

Winner of the 2019 Booker Prize.

'This is Britain as you've never read it. This is Britain as it has never been told. From Newcastle to Cornwall, from the birth of the twentieth century to the teens of the twenty-first, *Girl Woman Other* follows a cast of twelve characters on their personal journeys through this country and the last hundred years. They're each looking for something – a shared past, an unexpected future, a place to call home, somewhere to fit in, a lover, a missed mother, a lost father, even just a touch of hope ...'
