# ENRICHMENT ELECTIVES

## What are they and why does Lymm High 6th Form offer this?

Enrichment electives offer a variety of activities for Lymm High students to be involved in in addition to their subject studies. These enrichment electives will help develop personal skills and confidence which are integral to life outside of school.

Likewise they offer the opportunity to develop the core competencies looked for by employers and universities who encourage students to include specific details about their extracurricular involvement in applications.

### **What skills will enrichment electives help me develop?**

Independence, communication skills, working with others through teamwork, resilience, flexibility and work life balance, leadership, analysis, presentation skills (depending on the club).

### **How does it work?**

At Lymm High we would like students to get involved in different activities across the year. Students will be encouraged to sign up to enrichment electives worth 5 credits each. They should aim to complete 5 credits each half term to total 30 across the school year (for Year 12) or 25 for Year 13. If students wish to do more than this then they are more than able to do so, timetable permitting.

Here is a list of all the different activities we plan to offer across the year each worth 5 credits. If you would like to run an additional club we do encourage this; please let us know and we can help you set it up. Please see the further pages of this booklet for more information about each enrichment elective.

Subject Area	Enrichment Elective	Credit
Arts	Crochet Club	5 credits per half term
	School Play / Music Group	
	Fashion Show	
	Art Club	
	Photography Club	
Careers	Work Placement ( <i>to be organised by student</i> )	5 credits per half term

# CHALLENGE

## Extended Project Qualification

An opportunity for students to extend their abilities beyond the A Level syllabus, stand out and prepare for university or their future career. It can also be used to earn extra UCAS points. For Year 13 students only - must commit to a full year.

## The Gateway Programme

Students who are interested in studying at Oxbridge or for medicine should be part of this programme, which supports our most able students to achieve their goals.

## STEP Mathematics

This course will prepare students for the STEP (Sixth Term Examination Paper) which is designed to test candidates on questions that are similar in style to undergraduate mathematics. STEP is used by the University of Cambridge as their basis for conditional offers.

## Duke of Edinburgh

An internationally recognised qualification that involves students developing physical, practical and social skills via completing an expedition and ongoing tasks. Students have the opportunity to complete their Gold Award.

# CREATE

## Fashion Club

An opportunity to get creative and make exciting fashion designs using a variety of materials, techniques, processes and equipment.

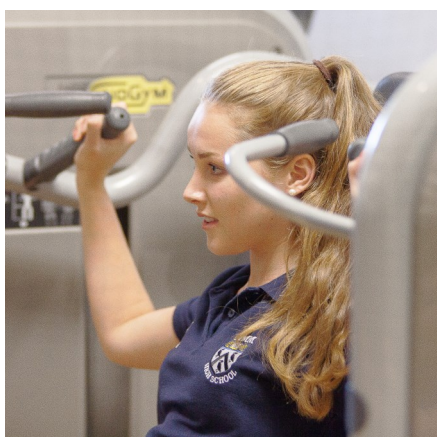

## Crochet Club & Photography Club

Learn new skills across a range of different arts and practice your hand at creating visual masterpieces!

# COMPETE

## Netball, Basketball, Football & Hockey

Students can take part in weekly training sessions and compete in regular fixtures throughout the academic year.

## Rugby

Lymm High School is well known for its successes in rugby, winning both the U16 and U18 Cheshire Championships last season. Students can train weekly, competing in regular fixtures including the county and national cups.

## Fitness Suite

Students will be given a gym induction and are welcome to use the fitness suite during lunch times and specific times during the day.

# DISCUSS

## Book Club

Literary lovers discuss their favourite authors and pieces of writing, studying new and old favourites.

## Christian Union

An opportunity to hang out, make friends and learn about Christianity. Open to everyone, Christian or not.

## Debating

Lymm High Discussion group will allow you to discuss contemporary issues and world affairs alongside peers. To learn more formal debating techniques sign up for Debate Mate where you will be coached by a university mentor and have the opportunity to take part in nationwide competitions

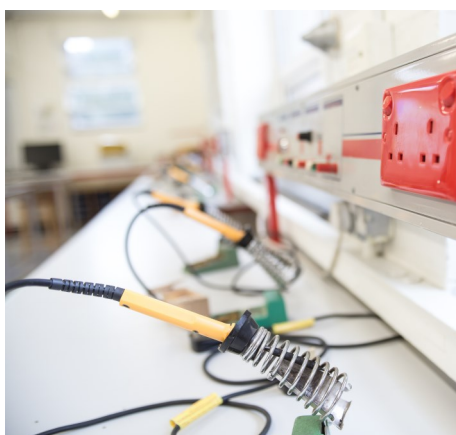

## Film Club

Budding filmmakers and movie experts will have the opportunity to meet weekly to watch and discuss films.

# LEARN

## Liberal Arts & Humanities Society

Open to any student interest in pathways into the Liberal Arts and Humanities

## Engineering Club

This club is for those students wishing to apply for an engineering course. Try your hand at designing and building projects.

## Law Society

Open to any student interested in pathways into Law

## Medical Society

This society is ideal for students interested in studying medicine at university. It will give them an insight into studying medicine or related degrees at university and careers beyond university.

# PERFORM

## School Production

This is ideal for students with a passion for music and drama. Students can take up a variety of roles, from leading role to lighting technician, that all contribute to the school production.

## Orchestra & Vocal Group

A fantastic opportunity to gain experience of playing standard orchestral repertoire.

## Brass Band & Big Band

Students with a passion for music can join a number of musical ensembles ranging from full orchestra to duets depending on their instrument of choice.

## Strings

Our string ensemble rehearses challenging repertoire and performs in school concerts, and occasionally external venues.

# LEADERSHIP OPPORTUNITIES

## Prefect

An ideal opportunity for students looking to enhance their UCAS application and to demonstrate their leadership skills, responsibility and maturity. Students must commit to at least one lunch time per week to help supervise lower school.

## Form Captain

Support your Form Tutor and take a lead in your form group, keeping them up to date on all school events.

## Student Ambassador

Suitable for students looking to show their interest in a subject for UCAS and enhance their knowledge of a specific subject. Students must commit to at least one lunch time or study period to support a subject/activity.

## Student Buddies

This is a great way to support lower school through working with younger students to improve their reading and/or numeracy skills. Through personal relationships students will be able to help develop younger students' confidence.

# ENRICH YOUR LEARNING

All clubs and societies are student-led, and are held during lunch times and after school throughout the week. For more information about enrichment opportunities at LHS, speak to the Head of Sixth Form or visit [www.lymmhigh6thform.org.uk](http://www.lymmhigh6thform.org.uk)
