

THE SIXTH

“ THIS WEEK... ”

WORLD MENTAL HEALTH DAY

10–14th October 2022

This World Mental Health Day, thousands across the country are coming together to say #Hello Yellow. Join us on **10th October** to show our students that how they feel matters, and help us create a future where all young people get the mental health support they need, when they need it, no matter what. To take part, simply swap an item of uniform for something yellow, donate what you can to Young-Minds via our school [JustGiving page](#), and post a photo on social media (see p.7).

GRAPHIC DESIGN TALK

On **Thursday 13th October** we have a careers talk from a local Graphic Designer Dan Cordwell from Visions Design. To hear about careers in web design and digital marketing, join us at 1.15pm in the Studio.

COMING OUT DAY

On **11th October** every year we celebrate Coming Out Day. In school we will run assemblies led by Sixth Formers to offer support and guidance on what it means to come out and how to support those that do. If you would like to learn more we recommend this blog: [Why do we need National Coming Out Day? | Stonewall](#)

CAREERS FAIR

‘Your Future, Your Choice, Move On’ is being held on **Wednesday 12th October**. The event will feature over 50 employers, further and higher education opportunities, independent training providers, and voluntary organisations all with options to extend students aspirations and chances (see p.20).

Y13 PARENTS’ EVENING

This will take place on **Thursday 3rd November** via the online platform SchoolCloud. [Click here](#) for a letter about the arrangements.

YEAR 13 FUTURES

UCAS and Apprenticeships

Students are encouraged to carry on with writing their personal statements and beginning their Apprenticeship research and applications. Students should meet with their UCAS referee/mentor and provide them with the UCAS Referee form which has been emailed to them and is available in hard copy at the sixth form student services desk.

For hints and tips on writing your personal statement please use our Futures Teams channel which has a wealth of information available. Students can [click here](#).

In addition the UCAS Hub and UniFrog have many resources for your use.

- UCAS hub: [UCAS Hub - Why should you sign-up?](#) (login with school email)
- UniFrog: [How to write your personal statement like a boss](#)

[Click here](#) to see some activities that you can complete to get you thinking about what a good personal statement looks like.

Students should have chosen who they want to be their reference for UCAS and should have given them their UCAS profile. If they have not, they can [click here](#) to access the profile or pick up a hard copy at the student services desk.

World Mental Health Day

Monday 10th October 2022

Monday is World Mental Health Day. On this day, the national children's mental health charity, Young Minds, are running their yearly campaign.

'Hello Yellow' Day, encourages people to raise awareness for young people's mental health by wearing an item of yellow clothing. We are inviting our students to swap an item of uniform for something yellow to raise awareness for this important cause and spread positive messages about the importance of mental health. Students can attend school wearing either yellow socks, yellow hair accessories, a t-shirt or jumper under a blazer, or even paint on some yellow nail varnish to shine bright for the charity.

On Monday, Year 12 and 13 will receive an assembly from www.kooth.com, the online mental health support service. This assembly will highlight the help that is available from Kooth such as free 1–1 anonymous counselling and a peer support network.

Anyone interested in donating to www.youngminds.org.uk, can [click here](#) for the JustGiving link.

OPPORTUNITIES

Doctors Live Anatomy Club

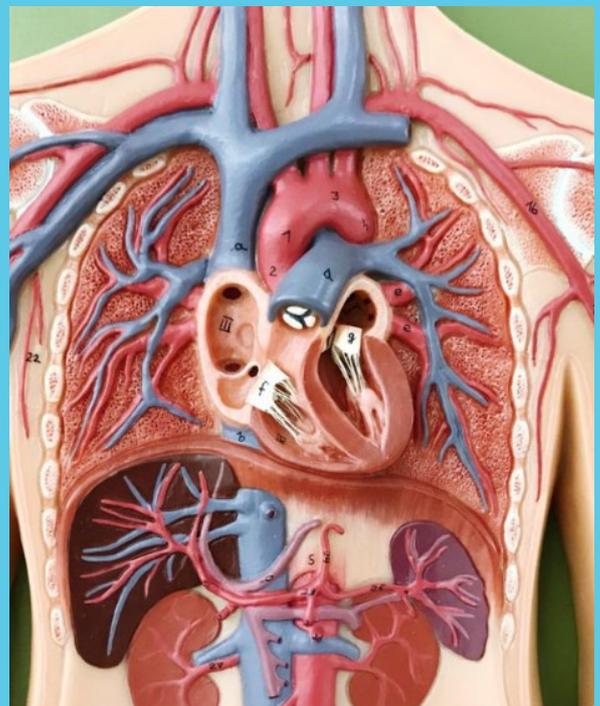

Weekly (November 2022 to January 2023) Tuesdays, 6–8pm

The Anatomy Club is a 3-month programme covering all 12 organ systems. The sessions run for 2 hours weekly, led by two practising doctors. It covers the body systems in a fun and interactive manner by dissecting a virtual anatomy model. It also covers diseases affecting the organ system and tries to solve anonymised real-life patient cases.

The sessions are aimed at any students interested in Science and Healthcare who want to learn something outside of the school curriculum. The aim is to inspire students to learn about human science in an engaging and affordable manner. Certificates will be provided for participation. Each live session will be recorded and can be accessed anytime.

The entire 3-month programme, including handouts, recordings and certificates, is priced at £59 per student.

Residential Insight into University

Summer Schools 2023

Insight into University residential courses (previously known as Headstart) are summer schools run over 4 or 5 days where students get a taster of university life and an insight into a specific STEM subject. Students will get the opportunity to experience university style lectures and work on activities and group projects with the support of academics and student mentors. Students will stay in halls of residence and will take part in social activities in the evenings.

These courses are for Year 12/S5-6 students and are a great way to try out a STEM subject at university before applying. This allows students to make a better informed decision for their UCAS application, as well as meeting like-minded students from all over the UK.

These summer schools are run for small groups (on average 30 students) and so places are limited.

Applications open on the 3rd of October 2022 and will close on the 3rd of January 2023.

Courses running in summer 2023

- Maths at Lancaster
- Mechanical Engineering at UCL
- Life Sciences at Warwick
- Materials Science at Oxford
- Robotics at Liverpool
- Broad-based Engineering at Sheffield
- Materials Science at Cambridge
- Aerospace Engineering at Liverpool

Find out more and apply on our website [here](#).

Statistics from 2022

99%

of participants said they would recommend the course to other students!

94%

of participants said they felt the experience on the course will help them make a better informed decision for their UCAS application.

What our students say

"The course was extremely informative as well as enjoyable, I loved meeting so many new people who were just as interested in the same subjects as me as well as being able to learn so much within such a short space of time."

"I thoroughly enjoyed this course - the people were lovely, the food was great and the proper hands-on STEM subject experience was invaluable to my understanding of life as a student."

"It was AWESOME AND FANTASTIC!!! I loved having loads of practical activities and getting to see the Engineering Labs. I also liked getting the opportunity to feel like I was actually a university student at UCL, as well as making incredible friends."
