

National Careers Week

National Careers Week (NCW) is a 1-week celebration of careers guidance and free resources in education across the UK. The aim is to provide a focus for careers guidance activity at an important stage in the academic calendar to help support young people develop awareness and excitement about their future pathways.

At Lymm High School, all students will have a dedicated careers session focusing on National Careers week, signposting students to the range of opportunities available to them when they leave school.

Our second **Careers in the Curriculum Week** will also run during National

Careers Week giving our students insight into a huge variety of careers related to all of their subjects.

What career are you suited to?

There is a wealth of information out there about a student's next steps. This [Aspire website](#) can help students understand their university, further education and career options.

To find out which career you may be suited to, take the [UCAS quiz here](#) to match you to potential career pathways.

Video career library

The Aspire Career Video Library holds a range of sector-specific videos offering an insight into the different job roles and opportunities available to you. Professionals working in these industries give their advice so that students can make more informed decisions about their future career. Watch each video to gain an introduction to a different sector. To access these videos, [click here](#).

Marketing, Advertising & PR

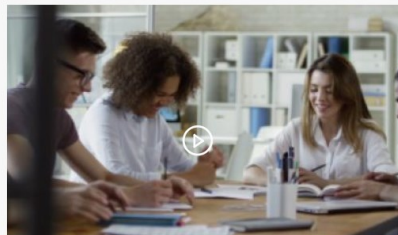

Media, Journalism & Publishing

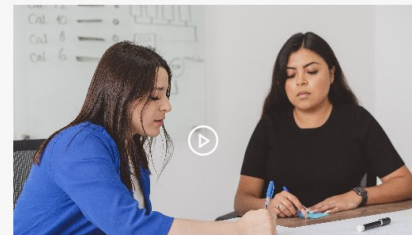

Medicine, Science & Research

Engineering

Government & The Public Sector

Investments

Looking for employment or an apprenticeship? Here are some other resources:

- [Higher and Degree Apprenticeship vacancies](#)
- Our [National Apprenticeship Week](#) booklet.
- Please [click here](#) to see this week's list of current apprenticeships in the Warrington area. For further details and to apply for any of these vacancies go to the [National Apprenticeship Website](#)
- Further opportunities in Cheshire and Warrington can be viewed [here](#) and [here](#).
- **Don't forget to use Unifrog to search for Apprenticeship opportunities too!**

National Careers Week 2023

For parents, we recommend the following resources:

- **The Parents' Guide to National Careers Week**

[Click here](#) to access this useful resource.

- **Talking Futures website**

We know talking to young people about anything can be challenging at times, so here is a useful website to help you have informed conversations with your child about the training and education pathways available to them:

[A parents' toolkit for career conversations](#)
(talkingfutures.org.uk)

- **Unifrog**

Each student has their very own Unifrog log-in, parents also have access to this via our sign-up code (please contact lhughes@lymmhigh.org.uk if you have misplaced this).

We highly recommend students use the 'Careers library' to explore a variety of different career pathways. These career profiles include labour market information, which is essentially the facts, analysis or interpretation of data gathered about working, workplaces and people, e.g wages, hours worked, working patterns, qualifications needed, geographical locations and occupations. Using this information informs decision-making and makes it easier.
