CONGRATULATIONS

Gresham College Schools' Oracy Competition

Many congratulations to Year 12 Princesa Moncada Morocho for reaching the final of the Gresham College Schools' Oracy Competition. This annual competition for state school students in Year 12 is to promote the art of communicating complex information in a clear, concise and compelling way. Students are asked to submit a 5-minute, recorded presentation on a given topic. As such, the competition:

- supports the development of oracy skills
- helps students with UCAS applications and job interviews
- promotes a deeper understanding of the topic discussed
- introduces students to the inspiring research of world-class academics

The final took place on **Tuesday 26th March** in Barnard's Inn Hall, London. Princesa attended the event with Mrs Corker and had to deliver her presentation in person.

The question asked to Princesa by the judges was: *The Prime Minister has said that everyone should learn maths to age 18. Is he right?*

“Unfortunately, Princesa didn't place but she delivered her speech the best I have seen it”, said Mrs Corker. “The competition was fierce, however she was as good as any of them. She thoroughly enjoyed the experience.”
