# NEWS

## Law Court Visit

On **Wednesday 11th June**, a group of Sixth Form students visited Warrington Law Court, where they had the unique opportunity to observe real cases being heard on a range of topics, from minor offences to more serious matters. The experience offered students a front-row seat to the workings of the justice system.

Following the court sessions, students took part in a Q&A session with one of the magistrates, who provided valuable insights into the decision-making process and daily responsibilities within the courtroom. The visit offered a deeper understanding of the legal system and the importance of justice in society. For our aspiring law students in particular, it was an inspiring glimpse into their potential future careers.

All the students who attended conducted themselves with maturity and respect throughout the visit, impressing staff and court officials alike.

# Managing your money at University

As the end of exam season creeps slowly closer, YipiYap is turning its attention to the future with some advice for Year 13 students on managing money at university.

- **Tasting financial freedom**

While you might not be a natural Gordon Ramsay, it's good to learn a few easy, cost-effective recipes to have to hand. A simple pasta, chilli con carne (or con beanie for vegetarians) and fajitas are all good go-to meals. And you can make a big portion and save it for leftovers during the week!

- **Don't go ostrich mode!**

A lot of money stress can come from not wanting to check that scary bank statement... but knowing exactly how much you have can take some of the anxiety away and you can start planning how much you can spend, so don't hide your head in the sand!

- **Big costs first!**

Get your big costs out of the way. Prioritise paying rent, course books and bus passes/travel cards, and if you can, schedule recurring payments to come out of your bank at the start of the month. If you deal with the important stuff first, it's off your mind so you can enjoy your free time knowing those essentials are taken care of!

- **Balancing your time**

While it's tempting to want to embrace your newfound freedom with social time at the pub, keep an eye on how many nights a week you're out. The costs of a few drinks with friends (and the kebab on the walk home) can quickly add up, so consider a coffee catch-up or a walk together instead!

- **Student Discount**

Restaurants, bars, clothes shops and events will all have discounted prices available for students. This is usually 10–20% off, and check sites like StudentBeans for other deals. Keep your student card handy in your wallet and don't forget to ask for student discount!
