“ THIS WEEK... ”

SHAPING YOUR
FUTURE

23–27 June 2025

THE POWER OF EXPERIENCE BEYOND THE CLASSROOM

As Sixth Form students, you're standing at the edge of exciting possibilities. Work experience offers more than just a glimpse into the world of employment, it helps you develop real-world skills, grow in confidence, and discover what kind of environment suits you.

Exploring life after 18 means understanding the different paths available, from university and apprenticeships to full-time work or gap years, and figuring out which one aligns with your goals and values. These experiences aren't just about building a CV; they're about discovering who you are, what matters to you, and how you want to contribute to the world.

Every step you take, whether trying a new role, meeting professionals, or stepping out of your comfort zone, helps shape a future that's truly your own.

Now is the time to explore, reflect and take charge of your next chapter.

OPPORTUNITIES

Model Law Commission

*September to January 2026
on a range of dates.*

*Deadline for applications:
Friday 5th September*

Now in its 13th year, the Model Law Commission is a 3-month long project that provides A' Level students with the chance to simulate the work of the Law Commission. The pool of students is split into four groups, each tasked with the reform of one of the following areas of law: (1) Family, Trusts or Land Law; (2) Criminal Law; (3) Commercial and Common Law; or (4) Public Law. From October to December, students undertake a five-stage process: research, formulating recommendations, consulting with their peers, reporting on their proposals and devising their legislation. Each year, the Model Law Commission begins with a 2-day virtual conference in London. It is over the course of these 2 days that students are introduced to their respective topics by experts in the field who come from all over the country to speak to them. The students are also visited by individuals from the Law Commission itself who advise on the difficulties in reforming the law and how to write a law reform report. The students then take that information and over the following weeks discuss reform ideas with each other, their Group Leaders and their peers.

The project then concludes with a final in-person report launch event in London in January, hosted by MPs and visitors from the Law Commission. At the event, each student will receive a printed and published copy of their group's reform report. If you are interested in learning more about the way law works in the UK, the way it is made and changed, then you are strongly encouraged to apply.
