“ THIS WEEK... ”

RESULTS AND  
ROUTES

7–11 July 2025

## PREPARING FOR WHAT'S NEXT

As you receive your mock results, remember they are a stepping stone, not a final destination. They give you a chance to reflect on your progress and identify areas for growth before the real exams.

Equally important is looking ahead, and the upcoming Careers Fair (**Tuesday 8th July**) is a key opportunity to do just that.

Whether you're considering university, an apprenticeship, or still unsure, speaking directly with representatives can give you valuable insight, options and inspiration.

Make the most of this event: it's your chance to explore your future and take confident steps toward it.

# THE SIXTH

## Graduate Fashion Show

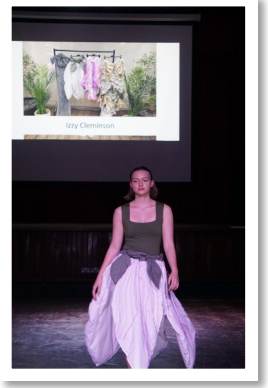

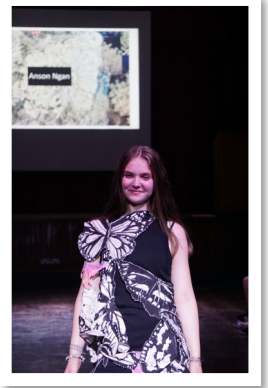

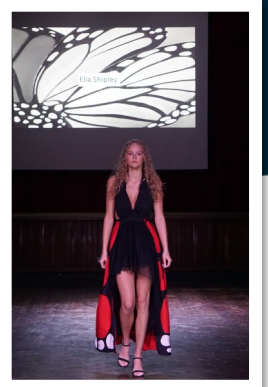

The Graduate Fashion Show on **Tuesday 17th June** showcased the incredible efforts of our Year 13 BTEC Level 3 Fashion students who presented their final collections down the catwalk, celebrating the end of 2 years of intense work. The themes of 'Landscapes' and 'Metamorphosis' were explored through a wide range of innovative garments. Each piece reflecting the individuality of the designer. From intricate textile work to complex garment construction, their collections were a true testament to the talent and perseverance of each student.

Many of our Year 13 designers are now heading off to pursue fashion-related degree courses such as: BA (Hons) Fashion Design and Technology, BA (Hons) Fashion Communication and BSc (Hons) Fashion Marketing at Manchester Metropolitan University, as well as BA (Hons) Fashion Design and Communication at Liverpool John Moores.

The evening was filled with music, applause, and proud smiles as families watched their children take centre stage – whether modelling on the catwalk or seeing their designs.

What a fantastic way to end the year. A huge well done to all students involved. Your creativity and hard work truly shone. We wish all of our graduating students the very best of luck in their future ventures.

## Students Shine at Model United Nations

Students recently took part in a thrilling Model United Nations (MUN) conference, where the theme of the event was Innovation: Building a Better Future. Representing various countries, our young delegates demonstrated exceptional diplomacy, research skills and creativity.

Throughout the conference, students tackled complex global issues – from climate tech and digital education to artificial intelligence and ethical innovation. They proposed thoughtful solutions, delivered compelling speeches, and collaborated across ‘nations’ to draft resolutions that balanced ambition with realism. Whether debating emerging technologies or presenting new policies for sustainable development, every student rose to the challenge with confidence and insight.

The atmosphere was electric with enthusiasm, and the level of preparation and professionalism shown was nothing short of fantastic. Our students won points and certificates for their critical thinking, respectful negotiation, and genuine passion for global progress.

It was a proud moment for the school and a powerful glimpse into the potential of tomorrow’s leaders.

Determined students recently completed their Gold Duke of Edinburgh (DofE) qualifying expedition in the rugged hills of Llangollen – and what an adventure it was!

Over the course of 4 challenging days and 3 nights of camping, the group navigated steep inclines, unpredictable weather and long hours of trekking with heavy packs. The hills were brutal,

the terrain unforgiving, and by the end of each day, legs were sore and spirits tested. But not once did they give up.

From navigating remote valleys to cooking their meals every night and working together to keep morale high, the students showed resilience, teamwork and true grit. Despite the physical demands, the group completed the expedition.

This achievement is a testament to their determination, perseverance and spirit.

A massive congratulations to all involved – you did it!

## Equality & empowerment

We hosted a successful Equity Conference on **Monday 30th June**. The boys enjoyed working with Beyond Equity.

Our girls reflected that the female speakers helped to build their confidence and inspire them to not limit their career aspirations due to gender.

## Careers talk

This week, Year 12 students had an informative Careers Talk from our Careers Advisor, Ms Draper, who discussed a range of post-18 options including university, apprenticeships and employment pathways. She provided valuable advice on making informed choices about their futures. Students interested in exploring their options further or seeking one-to-one guidance can make an appointment with Ms Draper by contacting Mr Brown at any time. Simply visit Mr Brown at Sixth Form Student Services or email [nbrown@lymmhigh.org.uk](mailto:nbrown@lymmhigh.org.uk). Ms Draper will deliver another Careers Talk next week.

# YEAR 13 NOTICES

## Uniform and Text Books

As we reach the end of your journey at Lymm Sixth Form, we are kindly requesting donations of anything that you think you no longer need.

What we are looking for is:

- Lymm High uniform in good condition.

Donations of these things can really help less fortunate students and help us create a stockpile for when they are needed (like having spare textbooks in the Upper Hex or N-Block rooms). If you are able to, please bring what you can into school and leave at Sixth Form Student Services. This can be done any time the school is open, including Results Day. A huge thank you in advance for anything you can spare: It really is appreciated massively.
